Dr. M. K. GAUR

Prof. Anish P. Jacob

Dr. Deobrat Singh

Dr. Hansnath Tiwari

Prof. Deep Kishore Parsediya

Prof. Nupur Verma

Introduction

Engineering colleges are expected to generate graduates with these capabilities, as well as produce new technologies, products and processes needed by the nation. The graduating student must have knowledge and skills in the area of his study. However, he must also have broad understanding of society and relationships. Character needs to be nurtured as an essential quality by which he would understand and fulfil his responsibility as an engineer, a citizen and a human being. Besides the above, several meta-skills and underlying values are needed. The major factor existing among the UG students for getting de-motivated from the studies is unawareness about his goal and interest.

Start of hostel life without close parental supervision at the same time, further worsens it with also a poor daily routine. To come out of this situation, a multi-pronged approach is needed. One will have to work closely with the newly joined students in making them feel comfortable, allow them to explore their academic interests and activities, reduce competition and make them work for, excellence, promote bonding within them, build relations between teachers and students, give a broader view of life, and build character.

Induction Program

When new students enter an institution, they come with diverse thoughts, backgrounds and preparations. It is important to help them adjust to the new environment and inculcate in them the ethos of the institution with a sense of larger purpose. A week long induction program for the UG students of the institution, right at the start of session for first year student has been introduced in August 2019.

Its purpose is to make the students feel comfortable in their new environment, open them up, set a healthy daily routine, create bonding in the batch as well as between faculty and students, develop awareness, sensitivity and understanding of the self, people around them, society at large, and nature.

The time during the Induction Program is also used to rectify some critical lacunas, for example, English background, for those students who have deficiency in it. The following are the activities under the induction program in which the student would be fully engaged throughout the day for the entire duration of the program.

Physical Activity

This would involve a daily routine of physical activity with games and sports. It would start with all students coming to the field at 6 am for light physical exercise or yoga. There would also be games in the evening. These would help develop team work. Each student should pick at least one game and learn it for weeks.

Creative Arts

Every student would choose one skill related to the arts whether visual arts or performing arts. Examples are painting, sculpture, pottery, music, dance etc. The student would pursue it every day for the duration of the program. These would allow for creative expression. It would develop

a sense of aesthetics and also enhance creativity which would, hopefully, flow into engineering design later.

Universal Human Values

It gets the student to explore oneself and allows one to experience the joy of learning, stand up to peer pressure, take decisions with courage, be aware of relationships with colleagues and supporting staff in the hostel and department, be sensitive to others, etc. Need for character building has been underlined earlier. A module in Universal Human Values provides the base.

Literary

Literary activity would encompass reading, writing and possibly, debating, enacting a play etc.

Proficiency Modules

This period can be used to overcome some critical lacunas that students might have, for example, English. These run like crash courses, so when the normal courses start after the induction program, the student has overcome the lacunas substantially. We hope that problems arising due to lack of English skills, wherein students start lagging behind or failing in several subjects, for no fault of theirs, would, hopefully, become a thing of the past.

Lectures by Eminent People

This period can be utilized for lectures by eminent people. It would give the students exposure to people who are socially active or are in public life.

Gwalior Visit

The city visit intends to familiarize the students with the well known places and surroundings of the city where they will be staying for four years duration.

Familiarization to Dept/Branch & Innovations

The students are told about different method of study. They are told about what getting into a branch or department means, what role it plays in society. They are also shown the laboratories, workshops & other facilities in their department.

Program Schedule

MADHAV INSTITUTE OF TECHNOLOGY AND SCIENCE, GWALIOR
(A Govt. aided UGC Autonomous NAAC Accredited Institute Affiliated to RGPV, Bhopal)

No. 2487

Date: 13.08.2019

ORDER

The Induction Program for newly admitted first year B. E./B.Arch. students is being organized in the Institute from 19th August to 1st Sept. 2019. Following committees are constituted to coordinate the various events being organized at institute and department level.

Program Coordination Committee		
1. Dr. Rajeev Kansal, Dean Student Welfare 2. Dr. Manish Dixit 3. Dr. Vikas Shinde 4. Dr. Anjali S. Patil		
Note: All First year Class Co-ordinators are required to be present.		
Schedule of Induction Program		
DATE : 19 August 2019		
Time	Events	Event Coordinators
11:00 am -12:00 noon	All new entrants will report to registration desk of respective department in the main foyer of the institute. After registration students will occupy seats in Student Activity Centre, Seminar Halls 1, 2, 3, 4 & 5. Interested parents will be seated in Conclave Centre & Conference Hall and shall watch the program live.	Registration Committee 1. Dr. Sulochana Wadhvani (Coordinator) 2. Dr. Laxmi Shrivastava (Elex) 3. Dr. Saurabh Bhattacharya 4. Dr. Angad Singh Ojha 5. Prof. J. K. Muthale 6. Mr. R.K.Mishra 7. Mr. M.D.Gaur Technical Committee (19 Aug. to 01 Sept. 2019) 1. Prof. Prabhakar Sharma (Coordinator) 2. Shri Atul Chauhan 3. Mr. Santosh Sharma 4. Mr. Deepak Soni 5. Mr. Rajesh Tomar 6. Mr. Rajendra Pawse 7. Mr. Ram Mahor 8. Mr. Devendra Singh 9. Mr. Sujan Jadon 10. Ms. Priyanka 11. Mr. Sanket 12. Mr. F.A. Warsi
12:00 noon – 1.00 pm	Inaugural Session – Address by: <ul style="list-style-type: none"> • Dean Student Welfare • Dean Academic • Director • Guests 	Dr. Rajeev Kansal Dr. Manjaree Pandit Dr. R.K. Pandit
2.30 pm – 4.00 pm	Know Your Institute (Session1) – Venue : SAC Information will be provided by : <ul style="list-style-type: none"> • Dean Academic • Controller Exams • Proctor 	Dr. Manjaree Pandit Dr. P.K.Singhal Dr. R.S.Jadon
4.00pm – 5.00 pm	Visit of Institute Facilities	Coordinated by – Dr. R.S.Jadon Dr. A.K.Wadhvani Dr. Manoj Gaur
4.00pm – 5.00 pm	Interaction of Parents with Director (Venue : CCC) Coordinated by – Er. Shailendra S. Bhadoria	

1/4

DATE : 20 August 2019		
10:00 am -1:00 pm	Know Your Institute (Session 2) – Venue : SAC Information will be provided by :	
	Academic MOODLE NPTEL /Swayam Training & Placement GATE IMS Coordinator	Prof. R.R.Makwana /Sh. Atul Chauhan Dr. Sunita Sharma /Prof. Praveen Bansal Sh. Vikram S. Rajpoot Prof. Praveen Bansal Sh. Atul Chauhan
	Extra Curricular Activities Cultural Activities NCC & Sports NSS ISTE	Dr. Manish Dixit Dr. B.P.S.Bhadoria Dr. Manish Sagar Prof. Vishal Chaudhary
	Central Facilities Administrative Officer Library CCC & EDC	Er. Shailendra S. Bhadoria Dr. Pawan Sharma Prof. Prabhakar Sharma
2.00 pm – 5.00 pm	Diagnostic Test (English) Venue: SAC & Seminar Halls 1, 2, 3, 4 & 5	Coordinated by – Dr. Sanjeev Khanna
DATE : 21 August 2019		
10:00 am -11.30 am	Universal Human Value Session Venue:SAC & Seminar Halls 1, 2, 3, 4, 5	Coordinated by – Dr. Manish Dixit Prof. Parul Saxena
11:30 am -1.00 pm	Lecture/interaction with Eminent Person Venue:SAC & Seminar Halls 1, 2, 3, 4, 5	
2.00 pm – 5.00 pm	Diagnostic Test (Computer & PCM) Venue:SAC & Seminar Halls 1, 2, 3, 4, 5	Coordinated by – Dr. Akhilesh Tiwari Dr. Vikas Shinde
DATE : 22 August 2019

6. Administrative Officer
7. Registrar
8. Director office

4/4

Day 1 (19th August 2019)

- The pre-launch session comprised of physical reporting and registration process of the students by the respective first year class coordinators from 11:00 AM to 12:00 noon.
- The inaugural session of the induction program began from 12:00 noon onwards. Mr. Prashant Mehta, Member, Board of Governors, MITS, was the chief guest on the occasion. Many dignitaries including Er. Ramesh Agrawal, Secretary, Scindia Engineering College Society, Dr. R. K. Pandit, Director MITS, Dr. Manjaree Pandit, Dean Academics, Dr. R. Kansal, Dean (Student welfare) and the Heads of departments were present in the inaugural ceremony.
- The session began with offering of flowers to Goddess Saraswati. Dr. R. Kansal, Dean (Student welfare) gave the introduction of the induction program and stated its necessity for conduction. The 15 day program intended at bridging the gap between the school & college level study.
- Dr. Manjaree Pandit, Dean Academics, welcomed the newly admitted students and wished them good luck for their better future.
- Director, Dr. R. K. Pandit congratulated the students and welcomed them in the institute. He motivated the students by saying that students are the foundation of any educational institute.
- Er. Ramesh Agrawal also welcomed the students and recalled the proud history and heritage of the institute. He instructed the students for maintaining 75 % attendance and asked them to respect their seniors.
- The chief guest of the occasion Mr. Prashant Mehta also welcomed the students and advised not to look back after taking admission in MITS. He told the students to maintain a balance between health, studies & happiness – leading to a balanced life.
- Dean Academic, Controller Exams & Proctor of the institute addressed the students under **“Know your Institute (Session 1)”** in the post lunch session from 2:30 – 4:00 PM.
- Dr. Manjaree Pandit, Dean Academics, explained the overview of the flexible scheme & curriculum of undergraduate program in detail. She also laid stress on the importance of outcome based education and necessity of NBA accreditation.
- Dr. P.K. Singhal, Controller Exams, gave detailed information about the examination system prevalent in the institute. He emphasized on the importance of attendance and mentioned it

clearly that 75% attendance is absolutely necessary for a student to appear in examination.

- Dr. R S Jadon, Proctor of the institute, welcomed the students and introduced them to the members of the Proctorial Board. Dr. Jadon informed the students about disciplinary committees of the institute and also explained the various guidelines to be followed and the steps that could invite severe punishments. He also advised the students not to indulge in acts of indiscipline and informed them about the various disciplinary actions that can be taken against the defaulters.
- The students were also taken for a tour around the institute campus and were given information about various existing facilities in the campus. In addition to this, the parents of the newly admitted students interacted with the director where they got their queries cleared.

Day 2 (20th August 2019)

- The students were made aware about various aspects related to academics, extracurricular activities & the central facilities under “**Know your Institute (Session 2)**” from 10:00 AM – 1:00 PM.
- Dr. B.P.S. Bhadoria , NCC & Sports officer briefed the newly admitted students about NCC & sports related activities that are held in the institute. He encouraged them to participate in the same.
- Training & Placement Officer, Mr. Vikram Singh Rajput, informed the students about the activities that would lead to skill development essential for getting good placements. He also listed out the number of students who got placement in previous years.
- Dr. Sunita Sharma, Assistant NPTEL/Swayam Coordinator informed the students about the Swayam portal and about the various online courses available in different engineering streams. She also informed about the procedure of credit transfer in the flexible curriculum through NPTEL courses. She spoke about the three cardinal principles of Education Policy viz., access, equity and quality and about Technology enabled Learning. These portals aim to provide knowledge on subjects from 9th standard to post graduate education through more than 2000 courses. She also gave a detailed description of the course structure and the pattern followed for examination and scoring. She further emphasized on the advantages of enrolling for an online course in which the verifiable certificates were also discussed.
- Prof. Praveen Bansal, GATE coordinator gave detailed information about GATE exam and informed the students regarding provision of GATE coaching in the institute for pre final & final year students.
- The detailed description of Institute MOODLE and IMS (Information Management System) portal was given by Mr. Atul Chauhan. Every student will have an individual login id on the IMS through which he/she can get updated with exam and attendance related information. They were also told about institute MOODLE where they could get information about the various subjects being taught to them.
- Dr. Manish Sagar, Coordinator, NSS informed the students about the activities conducted by NSS and encouraged them to register in the same.
- Cultural activities incharge, Dr. Manish Dixit briefed the students about the various cultural

activities being organized in the institute and presented the glimpses of such activities being held in the past. He motivated the students to get involved in such events for their all round development. He also spoke about the heritage of Gwalior and the importance of balancing education and cultural interests. He informed the students about Art Club, Literary Club, Dance Club, Music Club, Drama Club etc.

- In-charge Central Computer Centre, Prof. Prabhakar Sharma represented the various facilities available like more than 100 desktop computers with latest configuration and 100 MBPS lease line having OFC backbone from National Knowledge Network (NKN). He compared the services available in the Central Computer Centre and the institute premises to those available at best of IITs.
- Prof. Vishal Chaudhary introduced the fundamentals and functioning of “Indian Society for Technical Education” (ISTE). The society has 102985 life members and 554094 student members. ISTE provides learning programs to teachers & administrators of technical institutions. MITS chapter of ISTE got the best student chapter award in 2014. ISTE organizes technical competitions and events in collaboration with other laboratories and facilities provided by them. Advance skill program titled Xcalibre was also organized, which contained written exam, group discussions and personal interviews. It also organizes special lectures & workshops on industry oriented technical skills like MATLAB, AUTOCAD etc. MITS chapter of ISTE organized an event titled “Chimera-X” 2018 in collaboration with MANIT, Bhopal and very recently another event titled “Adrohan 2018” was organized for final and pre-final year students of the institute. He told that ISTE is a national level society to improve the technical & professional skills of students as well as faculty.
- Dr. M. K. Gaur, In-charge, Remedial Classes, created awareness about the provision of remedial classes for the weak and backlog students. He requested the students to make maximum utilization of such classes.
- The administrative officer of the institute, Er. Shailendra Singh Bhadoria informed the students about the various facilities and services available to them in the institute. He gave detailed description about the scholarships available for reserve category students, Chief Minister Helpline, stationery items to be made available to students etc.
- Prof. Prabhakar Bhadoria, told about the different programs and activities carried out by the Entrepreneurship Development Cell from its inauguration till present.

- Mr. Pawan Sharma introduced the Learning Resource Centre (Central Library) to the students.
- They were also told about the dos and don'ts while in the campus. Students are not allowed to bring four wheelers in the campus. The students must also not carry mobile phones in classrooms, examination hall, laboratory, library and other functions & activities held in the institute. They should also refrain from any sort of money collection.
- The students were also informed to bring the identity card regularly to the college .The hostellers were also informed about the hostel timings to get back to the respective hostels: 7 PM for Girls hostel and 10 PM for Boys hostel.
- English Diagnostic Test was conducted for the students from 2:00 – 5:00 PM. The test aimed at learning about the proficiency level of the students in English language so that the students can be catered accordingly in their first year.
- Basketball, volleyball, kabaddi and table tennis games were organized for the students as a means of recreation during the evening time from 5:00 – 6:00 PM.

Day 3 (21st August 2019)

- The morning session was taken by Ms. SumanYadav, Counselor, Scindia KanyaVidyalaya. She emphasized on human values and discussed ways to develop them. She laid stress on maintaining one's integrity irrespective of what others are doing.
- She advised the students to develop moral values in their student life.
- She explained the importance of human values in life by quoting story of a well known Bollywood movie "Kabir Singh". She further laid stress on the consequences of getting involved in illegal & immoral activities and asked the students to refrain from such things.
- In her talk, she drew attention towards various immoral activities & incidents prevalent nowadays in technical institutions and warned the students about them.
- Further, she told that students must never consume tobacco, alcohol, drugs & other stimulating products even if they are in a state of acute mental stress.
- The students were addressed by Shri Raja Babu Singh, Inspector General, Gwalior Dist., in the second half of the morning session.
- He informed about the various activities performed by the police force in maintaining law & order in the district in detail.
- He highlighted the fact that the police department is identifying sensitive areas as well as place where illegal activities & incidents are on rise. He also emphasized that the police force is really vigilant and does patrolling from 6:30 - 9:30 PM in the city on a regular basis so as to keep law & order under control.
- He further pointed out that all citizens must completely follow traffic rules while driving on the road on a priority basis.
- Drawing attention towards the various illegal & criminal activities rampant in today's society, he told the students to be disciplined and abide all the rules & regulations of the institute.
- He also pointed out that the police personnel treat all the citizens equally and are always ready to offer services for the protection of all the citizens. He told the students that he has ensured the presence of police force on the road & other public places. He also shared some of his past experiences with the newly admitted students.
- In the post lunch session, diagnostic tests of computer science, physics, chemistry &

mathematics were conducted for the students from 2:00 – 5:00 PM. These tests were intended to understand the proficiency level of the students in these subjects so that bridge classes and proficiency modules can be arranged for weak students.

- Football & kabaddi games were organized for the students as a means of recreation during the evening time from 5:00 – 6:00 PM.

Day 4 (22nd August 2019)

- Mrs. Suman Yadav, Consultant, Scindia Kanya Vidyalaya, gave lecture on the topic of Stress Management.
- She said that the difference between our expectations and reality is tension. There are two main sources of stress - external and internal. Academic, social and daily fluctuations come from external sources. On the other hand, our own expectations are the cause of internal tension.
- She discussed various indicators of stress in a student's life such as - difficulty in concentration, absenteeism, not being able to complete the work in class on time, becoming extremely angry at small things, etc. She taught the skills of stress management and various ways to reduce stress such as self-awareness, purpose of life, emotional management, time management, achievable goals, appropriate nutrition of body, mind and soul, avoidance of stress stimulants like smoking etc.
- She emphasized on the development of the following human values through education - quality, action, temperament, contemplation, character, behaviour, superiority. She told that the proper goal of life helps us in making the right decisions and harmonizing between daily activities. She told the students that whatever you do, do it diligently.
- At the end of her lecture, Mrs Yadav told the students that stress is an integral part of life and all people go through stress at some point in life. It is not possible to erase it completely, but its proper management can save it from its side effects.
- In continuation of morning session, former Chairman of UPSC Shri D. P. Agarwal, member of Board of Governors of the Institute, congratulated the students on getting admission in the Institute and wished them a bright future. He urged the students to be an inspiration to others.
- He suggested that the students should be present in class regularly and adopt the principles taught by the professors according to their applications. There is a demand for disciplined people, so students should make a habit of discipline from student life itself.
- Urging the students to always set high goals, he said that there should be determination from the first day to achieve the goal. Only a few students take the risk of doing something big in life and they become successful.

- In the afternoon session, all the students visited their respective departments, interacted with faculty members and got to know the resources available in the department.
- Sports activities were organized for the students in the evening.

Day 5 (24th August 2019)

- Several activities were organized by the representatives of various clubs working in the institute. BMI check was conducted for all the students under the supervision of Prof. Deepak Rastogi, Coordinator of Rotary Club.
- Introducing the club, Dr. C. S. Malvi, Coordinator of Aerospace Club described the achievements of the club in detail. Later a quiz was also organized by the student members of the club.
- Prof. Rahul Anand, Coordinator of the International Opportunity Club, introduced the students to the various opportunities available internationally and explained the entrance level tests like GRE, IELTS, TOEFL etc. taken by universities in different countries.

- The student representatives of the HAM Radio Society of the institute briefed the activities conducted by the society and also organized a quiz. The Arts Club urged students to present their imaginations through pictures.
- The Asimov Robotics Club of the institute explained about drones, bots etc. and presented the club's past achievements through a short film. The club also gave a brief description of future projects.
- Coordinator of Waste Management Club, Prof Aditya Kumar Agrawal requested all the students to make the institute clean and green and briefed the importance of various activities organized by the club at different times.
- The representatives of the Innovation Cell recommended innovation, stating that if the innovation is patentable, it can also serve as a financial source. The club also introduced the innovation made by the alumni of the institute to all the students.
- In this series, Startup Cell encouraged students to get into entrepreneurship, explaining the specifics of entrepreneurship. Future activities were made aware by the Literary Club. Important points of news compilation were highlighted through videos by the Journalism Society. A quiz was also organized by the society.
- In the afternoon session, the dance club's coordinator, Prof. Parul Saxena, coordinated a presentation of classical dance through students. Light music and open mic were performed by music club students.
- At the end of the session a short film related to the Apollo mission was shown by the Aerospace Club which was enjoyed by all the students.

Day 6 (25th August 2019)

- The day began with YOGA followed by social activities.
- All YOGA sessions are conducted by Mr. Pradeep Jain. He described the benefits of morning YOGA and also demonstrated various YOGA positions.
- Mr. Vishal Choudhary, MITS YOGO club faculty coordinator and Prof. Anjula Gaur also participated in the YOGA session. He coordinated the complete activity.
- More than 100 students of first year were participated in the session.
- After the YOGA session, National Service Commission (NSS) unit of MITS also conducted the plantation which is one most important social activity. The activity was coordinated by Dr. Manish Sagar, NSS-program officer, MITS.
- Under this activity, the newly admitted students were participated individual or in a group for plantation.
- This exercise was conducted near the new basketball ground, nearby canteen.
- More than 100 newly admitted students and all departmental NSS coordinator were also present in this NSS activity.

Day 7 (26th August 2019)

- In the morning session, activities for improvement of personal development and communication skills were organized for students. Such activities will help in boosting the confidence of the students and removing the hesitation to speak in front of people.
- Student Excellence and Learning Program (SELP) was also organized under the Personality Development Centre of Art of Living. These activities focus on meditation, yoga, clarity of thoughts and mutual reconciliation. Co - Curricular activities like theatre, open mic and dialogue, dance, instrumental music and singing etc. were also organized. In Creative Arts, students were given abstract ideas and works of painting.
- A Motivational session was organized by the Director of the Institute to encourage the students. Addressing this session, Mr. Prashant Mehta, member of the Board of Governors of the institute, not only guided the students but also explained their new role in the college.
- He wished the students a new study journey and said that the next 4 years should be their best years. He said that there is a spark in the students and it is the responsibility of all the professors to keep that spark burning for the next 4 years. He told the students that they are like a lamp and to keep this lamp burning, they will need oil of goal and knowledge in the next 4 years.
- He stressed that every person is unique, so everyone should love themselves despite their shortcomings. Sharing the experiences of his tenure with the Railway Ministry, he urged the students to not only think about innovations but also to make every effort to implement them.

- The invited guests, Ms. Maryam Shahid and Ms. Archana Sharma, presented Literary Art to the students with great creativity. Mrs. Garima Khandelwal and Mr. Bhanu Pratap Singh depicted artistry with pencil and paper. Mr. Hariom and Mr. Sahadev Singh put it among the students, how the creative arts have importance in a person's personal development and how we can use it in our life.
- While advancing the program, Mr. Sachin Majumdar guided the students in theatrical staging. He described the Natya Manch as the easiest way of personal development or to put forth ideas.
- Mr. Aditya Sharma and Mr. Chetan Sharma made the children aware of the basics of dance. The children also learned basic of Bolly hop with them and how to use body language in dance. At the end of the program, Ms. Bhoomika and Mr. Neeraj Mangal also highlighted the essential things related to the development of a person.
- Under Proficiency module, Applied Science Department and other Engineering Departments informed students about their respective departments from 4:00 to 5:00 PM.

Day 8 (27th August 2019)

- In the morning session, the invitee from Arts of Living foundation, Dr. Sangeeta Jha addressed the students and made them aware about YOGA. During her speech she talked by putting an emphasis on the relation between the breathing style and life.
- Breath is indispensable for life. Positive thoughts, emotions, commitment, dynamism, all these are related to breath and its regulation.
- “Sudarshan kriya” is a YOGA posture which makes us capable of correlating our brain with our heart. It teaches self-control. How to perform the “Sudarshan Kriya”, was practiced and guided by Mrs. Resham and Mr. Harish. Further, Dr. Sanheeta Jha opined that “Sudharshan Kriya” is substantial in keeping away the negative thoughts from our spirit and body. It enables us to be conscious in this chaotic world. Followed by this inspirational talk there was a musical event in Student Activity Centre.
- The student activity centre witnessed the Diasporas of cultural and musical programmes. Students have showed their singing skills with faculties and enjoyed the various RAGA with musical instruments. Various Fun-filled activities were also organised by the literary club of MITS.
- In the second session DGP Gwalior, Mr. M. S. Gupta addressed the students and appealed to become solution-seekers of their problems. He appealed the students to think big and clear which will take them and their institution to the global heights. By emphasising on the disastrous aspects of the cyber-crime on the society, he solicited students to provide their knowledge and technological support in the eradication this evil from the society. In his concluding note, he put his hope on students to contribute in making India crime free in days to come
- The day ended with the proficiency modules in English Language along with basic knowledge in Physics, Chemistry and Mathematics. On the occasion, different departments presented a brief to students about their departments so that they become aware of the academic activities conducted by the departments.

Day 9 (28th August 2019)

- The morning session started with music, prayer and Yoga.
- The invitee Dr. Sangeeta Jha and Mr. Niraj Mangal, of Arts of living foundation, made students aware about many benefits of “Sudarshan Kriya”, How it helps in keeping oneself fresh, energetic, happy, and a person with positive thoughts
- Students should work on their fitness. They should involve in healthy discussion and share their creative ideas. Students should be a good listener with an open mind.
- In the second session, the director of MITS Dr. R. K. Pandit addressed the newly admitted students and emphasised upon the importance of self-learning. In the same vein he has requested students to cultivate the habit of peer learning. He envisioned that everyone should progress by helping others. He has conveyed the importance of interaction with the fellow students as well as with the faculties. Mentioning the newly introduced Flexible Curriculum scheme, he said that students will acquire knowledge

with broad mind and all the learning resources will be available digitally in the campus. He urged students to take responsibility and bring the best in the society. Students must respect their parents and work towards their betterment. They must focus their energy in rightful manner. Finally he has wished the students for the bright future and urged students to utilize the institution as launching pad to the new heights in their life

- Creative arts session was organised post afternoon. Under proficiency module students were briefed by different departments about their programs, facilities and good activities.

Day 10 (29th August 2019)

- The session started with SELP and Creative Arts related activities.
- The invitee Ms. Abha of Young Thinker Forum addressed the second session of morning and briefed students regarding the conclave to be organised in Bhopal on 7th and 8th September. Topics to be covered in the conclave were discussed, viz., Intellectual leadership, Feminism, Gender equality, cultural heritage, tribal welfare, and developments, Social media and etc.
- The president of JSI and Vice presidents of Lions club Sri. Anupam Tiwari, addressed the newcomers and appealed them to maintain their decorum throughout their study in MITS. He has highlighted the importance of learning from the experience of others and at the same time, asked students to give an outlet to their hidden talents in MITS.
- He pressed the need of marching forward with great positivity in our life. Quoting the former president of America, Mr. Theodor Roosevelt, he said, “None can make you feel

low without your consensus” He opined that it’s still relevant and therefore, you must know your worth. Negativity erodes the self. You must avoid negative people. You must instil the habit of discipline; for that you must know your weakness and stay away from temptation. Don’t compare yourself with others; rather work on improving yourself.

- Students practiced the “Jumba Dance” with Mr. Brath and his team member.
- The enchanting day was conclude with sports activities

Day 11 (30th August 2019)

- The morning session began today on 30.8.2018 with songs, music, yoga etc. as part of the 15-day induction program at MITS.
- Dr. Sangeeta Jha and Neeraj Mangal Ji, invited from the Art of Living, made the students perform various activities related to yoga, sports related to yoga, yoganidra and yogasana as a way of bringing Sudarshan Kriya to life.
- They explained that through these, how can one make oneself happy, aware and focused and can make one's life successful and full of joy.
- Under the proficiency module, students from 12:00 to 1:00 pm, Applied Science, English and other engineering departments also apprised their respective departments according to their time table.
- SELP and Creative Arts sessions were held for students from 2:00 to 4:00 pm in the afternoon session. In the session of 4:00 to 5:00 pm, Mr. Bratrath Bijoul, Director of "The Inspire Fitness and Dance Studio" and co-director Ashish Dohra and his colleagues got all the students to practice Zumba Dance with music.
- As per day, various sports activities were conducted to the students from 5:00 pm onwards.

Day 12 (31st August 2019)

- The morning session started today on 31.8.2018 with songs, music, yoga etc. as part of the ongoing 15-day induction program at MITS.
- Literary Club and Music Club performed before the students. The Nukkad Natak Mandali "Rashtray" of the institute also introduced the newly admitted students to their activities.
- Thereafter certificates were given to the students at the end of the Creative Arts and SELP sessions.
- Under Proficiency module, students from 4:00 to 5:00 pm, Applied Science, English and other engineering departments also apprised their respective departments according to their allotted time.
- At the same time, their feedback and suggestions related to the induction program were taken from the students so that the induction program to be organized for newly admitted students in future could be improved.

- As per day, various sports activities were organized for the students from 5:00 pm.

Day 13 (01st September 2019)

- A Gwalior visit was organized for the newly admitted students to familiarise them to the city and surrounding, as part of the ongoing 15-day induction program at MITS.
- Students with faculty members and other staff started towards the famous Sun Temple by buses provided by the institution. Students not only enjoyed the grand architecture of the temple but also were informed about the construction history of the temple.
- After Sun temple, the students visited to the Gopanchal Parvat, a holy place of Jain followers. There they went up to the top of the hill and enjoyed the natural beauty of the hill.
- After spending sufficient time at Gopanchal Parvat, the vehicles comprising students started towards the Maharaj Bada.
- Along the journey, the students also got the chance to have a look upon various other famous places like Rani Laxmibai samadhi, Jaivilas palace, Jiwaji University, City Center etc.
- The faculty mebers supervised the students for the visit.

Summary

The graduating student must have values as a human being, knowledge and met skills related to his/her profession as an engineer and as a citizen. Most students, who get de-motivated to study engineering or their branch, also lose interest in learning. The Induction Program is designed to make the newly joined students feel comfortable, sensitize them towards exploring their academic interests and activities, reducing competition and making them work for excellence, promote bonding within them, build relations between teachers and students, give a broader view of life, and building of character.

एमआईटीएस के विद्यार्थियों ने देखा सूर्य मंदिर और विरासत
