No, it was excellent
The workshop was very informative and engaging. The trainer explained the concepts clearly with practical examples. For future sessions, adding more interactive activities, real-life case studies, and providing summary notes or recordings would make the experience even better. Overall, it was a great learning session.
Maybe Creative content would help to catch better attention.
"The workshop was good; in the future, a little more guidance would be very helpful."

Relative to over future

Over all management was good
