ACTIVITY REPORT

Name of the Activity:	Expert Lecture on “Making Urban Roads Safer: A Systematic Approach”
Date:	1 st November 2025
Venue:	Seminar Hall-I
Number of Students Present /Participated in the Expert Talk	85
Name of the Faculty Coordinator (s):	Dr. Reema Sharma
Brief detailing of Activities Conducted	<ul style="list-style-type: none">▪ An expert lecture on “Making Urban Roads Safer: A Systematic Approach” was organized to expose students to practical and research-oriented perspectives on road safety. The session was delivered by Dr. Bandhan Bandhu Majumdar, Associate Professor at BITS Pilani (Hyderabad Campus). The expert discussed a structured approach to urban road safety, covering key aspects such as accident causation, safe road design principles, traffic management measures, and the role of policy and enforcement. The talk enhanced students’ understanding of real-world challenges and systematic solutions for improving safety on urban roads.
Outcome of the Program:	<ul style="list-style-type: none">▪ Students developed a clear understanding of the systematic approach to urban road safety.▪ Enhanced awareness of accident causation, safe road design, and traffic management measures.▪ Exposure to real-world challenges and best practices in making urban roads safer.▪ Improved ability to link theoretical concepts with practical applications in transportation engineering.▪ Motivation among students to adopt safety-oriented thinking in planning and design of urban roads.
Any Specific Comment/ Observation/ Mention (Optional)
