

CIVIL ENGINEERING DEPARTMENT

ANNEXURE – XIV (b)

**Action Taken Report based on Curriculum Feedback Received from Stakeholders**

**A. Action taken based on Curriculum Feedback received from Students**

S. No.	Comments /Suggestions Received during Feedback	Action Taken
1	Opinion regarding courses to be included as DE (Through SWAYAM) <ul style="list-style-type: none"> <li>-Municipal Solid Waste Management</li> <li>-Principles of Construction Management</li> <li>-Railway Engg</li> </ul>	The opinions of students were taken into consideration while finalizing the list of DE courses (SWAYAM)
2	Opinion regarding courses to be included as Honors (Through SWAYAM) <ul style="list-style-type: none"> <li>- Ground Improvement</li> <li>- Indoor Air Pollution: Sources, Effects, Monitoring, Control and Modeling</li> </ul>	The opinions of students were taken into consideration while finalizing the list of Honor courses (SWAYAM)

**B. Action taken based on Curriculum Feedback received from Faculty**

S. No.	Comments /Suggestions Received during Feedback	Action Taken
1	Opinion regarding courses to be included as DE (Through SWAYAM) <ul style="list-style-type: none"> <li>- Foundation Engineering</li> <li>- Remote Sensing &amp; GIS</li> <li>- Indoor Air Pollution: Sources, Effects, Monitoring, Control and Modeling</li> </ul>	The opinions of faculty members were taken into consideration while finalizing the list of DE courses (SWAYAM)
2	Opinion regarding courses to be included as Honors (Through SWAYAM) <ul style="list-style-type: none"> <li>- Bridge Engineering</li> <li>- Earthquake Geotechnical Engineering</li> <li>- Environmental Modeling and Simulation</li> <li>- An Introduction to Climate Dynamics, Variability and Monitoring</li> <li>- Introduction to Engineering Seismology</li> </ul>	The opinions of faculty members were taken into consideration while finalizing the list of Honor courses (SWAYAM)
3	Opinion regarding courses to be included as Minor (Through SWAYAM) <ul style="list-style-type: none"> <li>- Strength of Materials</li> <li>- Fluid Mechanics</li> <li>- Building Materials &amp; Composites Soil</li> </ul>	The opinions of faculty members were taken into consideration while finalizing the list of Minor courses (SWAYAM)

**CIVIL ENGINEERING DEPARTMENT**

	Mechanics - Geometric Design of Highways Ground Improvement	
4	Opinion regarding courses to be included as OC - Safety & Quality Management - Integrated Waste Management for Smart City	The opinions of faculty members were taken into consideration while finalizing the list of OC courses

**C. Action taken based on Feedback received from Alumni**

S. No.	Comments /Suggestions Received during Feedback	Action Taken
1	Institute should have tie up with the industry for suitable employment of the students in time to come	MoU are already done with some of the Research Organizations like CRRI, NHAI and efforts are being done to get students placed in them after their internship and more MoU are planned in future specially with leading Industry like L&T etc.
2	More industry Academia interaction	A team is already constituted in the department to plan programs for student industry interaction etc.
