

Workshop Report

Type of activity:	Workshop (Institute level)
Title of the activity:	A Seven-day Placement Training Activity short term training program on “Key Concepts of Data structures”
Number of participants:	
Organized by:	Department of Computer Science and Engineering, MITS Gwalior
Convener:	Dr. Manish Dixit, Professor & Head
Coordinators:	Dr. Rohit Agrawal Dr. Gagandeep Kaur Dr. Kuldeep Narayan Tripathi Dr. Ranjeet Kumar Singh
Brief description of the activity:	The vision of this short term course is to build the conceptual thinking ability of the students. The key concepts enhance the capability of the students the face interviews. Being an engineer through this course students learn to design solutions to real-world problems.
Objectives of the activity:	<ol style="list-style-type: none">1. To provide an understanding of fundamentals concepts of data structures algorithms.2. To solve the previous year’s questions on data structure in Placements.3. Enhance the technical skills and problem-solving capability of students to face interviews.
Outcomes of the activity:	The participants were able to: <ol style="list-style-type: none">1. Solve the data structure-based technical problems asked in interviews.2. Analyse and solve the conceptual and technical problems of computer science and engineering.
Mode of delivery:	Offline
Platform for conducting the activity:	Whiteboard
