Workshop on “AppCraft: Build Apps that inspire”

The Department of Computer Science and Engineering is organized a workshop titled “AppCraft: Build Apps that inspire” on 19/10/2024 in association with the **IEEE Student Chapter, IEEE Computer Society**, and the **Innovation and DIY Club Gwalior** for the students of 1st year and 2nd year CSE/IT/AI/IoT/Electronics. During the workshop students developed Android based Apps.

Objectives:

- To introduce the fundamental concepts of Android mobile application development.
- To understand the Android development environment and tools.
- To design and implement user interfaces using Android UI components.
- To explore the integration of data storage and management in Android apps.
- To familiarize students with Android APIs for multimedia and networking.
- To enable students to debug, test, and deploy Android applications.

Outcomes:

- Demonstrate the setup and configuration of the Android development environment.
- Build interactive user interfaces using Android layouts and components.
- Implement data handling and persistence in Android applications.
- Develop mobile apps that integrate multimedia and networking capabilities.
- Apply debugging and testing techniques to ensure app functionality.
- Deploy Android applications to the Google Play Store or alternative platforms.
