

ARCHIKALAA

APRIL - JUNE 2023

ARCHIKALLA

Archikalaa is a fusion of architecture and art. The club aims to work on various areas, including art, architecture, the newsletter of our department, and some engaging events.

We firmly believe working in a planned, organized, and disciplined manner with well-defined goals, a disciplined work structure, and motivated members is the core agenda of the club.

Today's club is an active platform for students to display and develop their practical, creative, team-building and knowledge-based skills.
