Report of Orientation Program 2023

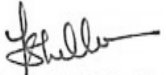

Type of activity:	Orientation Program
Title of the activity:	III Year Orientation Program 2023
Date and duration of Activity:	31-07-2023
Number of Participants:	20 Students (Offline)
Resource Person:	Faculty and staff of Department of Architecture and Planning
Objectives of the Induction program:	The induction program aims to familiarize students with the new curriculum structure and syllabus while instilling within them the principles of progressive education.
Description of the program:	<p>During the recent orientation program for third-year Bachelor of Architecture students, several key points were highlighted to provide a comprehensive understanding of the upcoming academic year:</p> <ol style="list-style-type: none">1. Introduction to New Subjects: Students were acquainted with new subjects, each facilitated by specialized faculties. This introduction provided a glimpse into the diverse academic landscape awaiting exploration.2. Scheme and Syllabus Introduction: The precisely made scheme and syllabus for the current academic term were explained, offering a clear roadmap for the semester's educational journey.3. Design Studio Insight: Emphasis was placed on the significance of the upcoming Design Studio. Esteemed design faculties elaborated on its role in honing creative and technical skills, offering valuable insights.4. Design Competition Participation: Students were encouraged to actively engage in design competitions, explaining about the opportunities that allow for practical application of theoretical knowledge while fostering healthy competition.5. Feedback Importance: The importance of consistent and timely feedback was underscored. Students were urged to provide constructive input to enhance the curriculum and teaching methodologies continually.6. Attendance Requirements: The minimum attendance requirement of 75% was reiterated as a cornerstone of academic discipline, ensuring an optimal learning experience.7. Subject wise Study Tour Discussion: The importance of study tour and market survey was introduced, explaining its importance, offering practical exposure and cultural enrichment. Its potential benefits were discussed to pique students' interest.8. Elective Subjects Introduction: Faculties introduced a range of elective subjects tailored to diverse interests, empowering students to personalize their educational journey.9. Interactive Exchange: The orientation culminated in an interactive session, promoting meaningful dialogue between faculty members and students. This exchange facilitated the sharing of ideas and insights. <p>In essence, the third-year orientation program laid a strong foundation for academic excellence and professional growth, fostering an environment of creativity, innovation, and collaborative learning.</p>
