Report – Extension activity (Health-Hygiene Awareness campaign) on 30th August 2024

Department of Electronics Engineering has organized an extension activity – Health and Hygiene campaign for road side/shelter peoples on 30th August 2024 at Gole ka mandir, Gwalior. The objective of this extension activity is to raise the awareness among the road-side/shelter peoples regarding health-hygiene issues. Students of 2nd year EC has participated in this activity and spread the awareness among the roadside living childs on following topics,

- Regular bathing with soap to make the body healthy.
- Washing of hands frequently especially before eating anything.
- Avoid junk food for the prevention of multiple diseases.

More than 20 students have participated in the activity. Dr. R. P. Narwaria and Prof. D. K. Parsediya have coordinated this extension activity.
