

**NEXT-GEN  
COURSE**

# B.Tech. Information Technology (Artificial Intelligence and Robotics)

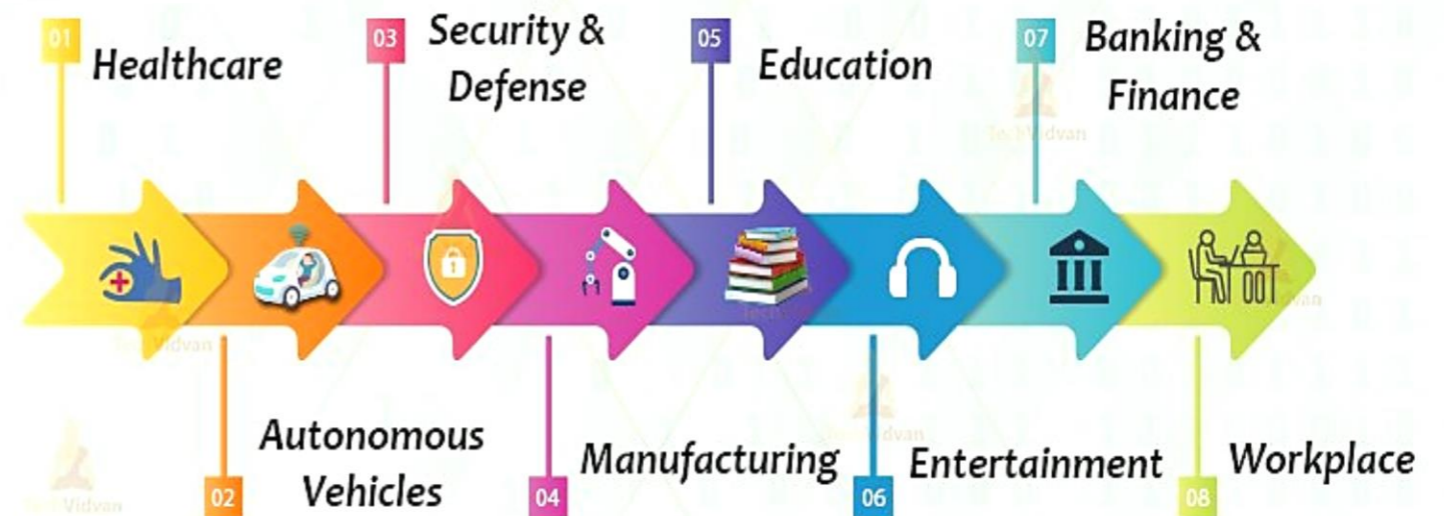

## Why AI and Robotics Engineering ?

- ❖ AI and Robotics is a unique career path that can lead you to success.
- ❖ Today there is growing concern over the fact that AI and Robotics is going to snatch away existing jobs.
- ❖ We cannot change the course of progress. But we can adapt ourselves with the changing nature of the job-world.
- ❖ True that AI and robotics is going to replace many jobs, AI itself will need development, maintenance and sales.
- ❖ Artificial Intelligence and robotics courses are therefore going to be a life-saver in the future.
- ❖ Good placement opportunities with top leading recruiters and companies.
- ❖ Opportunity to work for start-up with necessary support from the institute.
