Functions of the Internship and Placement Cell:

1. To explore the internship and placement opportunities with domain specific and interdisciplinary orientation for the benefit of students
2. To maintain and provide the related data of the students as and when desired
3. To empanel the potential industries/ start-up/ research bodies/ other organizations, so that students may target the same
4. To interact and interface with identified industries/ start-up/ research bodies/ other organizations to conduct Internship and Placement drives in the department.
5. To nurture the Industry Interaction and identify suitable opportunities for the students for getting exposure to current trends in technology and business processes.
6. To arrange in-house (departmental level) training programs to enhance the employability skills of the students.
7. To collect the feedback on curriculum improvement from the collaborative organizations/companies
8. To ensure the improved internship and placement scenario in the department

The first review of efforts and relating outcomes will be assessed by the undersigned in the second week of Jan. 2023. The internship and placement cell is required to prepare the action plan accordingly.

Dr. Akhilesh Tiwari
Professor & Head
