Note-sheet

Intellectual property protection is critical to fostering innovation. Without protection of ideas, businesses and individuals would not reap the full benefits of their inventions and would focus less on research and development. Similarly, Researcher would not be fully compensated for their creations and cultural vitality would suffer as a result. Now-a-days, Awareness about Intellectual Property Rights (IPR) is very desirable for students, researchers, and faculties.

In this connection, Department of IT wants to organize an awareness session on Intellectual Property Rights (IPR) in collaboration with Department for Promotion of Industry and Internal Trade (DPIIT), Ministry of Commerce and Industry, Govt. of India under the initiative Azadi Ka Amrit Mahotsav and the National Intellectual Property Awareness Mission (NIPAM). For this, Ministry officials have given their consent to organize this awareness session in the month of January 2022. Moreover, there will be no financial requirement.

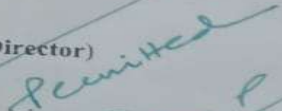

Submitted for kind permission.
