Objectives

- To make students, who are admitted in EE (IoT) Third year, feel comfortable in the new environment.
- To make the Third year students aware about the curriculum, labs, and other aspects of IoT (EE) Department.
- To allow the Third year students admitted in IoT (EE) to explore their academic interests through various activities and sessions.

Salient Points - Session Details

List of activities conducted during orientation program

24th July 2023 (Morning Session)

1. Introduction to OBE (CO, PO, PEO, Vision, Mission)

The students of Third year IoT (EE) were warmly welcomed by **Dr.Kaushal PratapSengar** and **Dr. Gaurav Khare** who are the Third year class coordinator. He congratulated all the students on being promoted to Third year and wished them good luck for the upcoming academic year. He introduced the faculty and the staff members who are presently working in the department of EE-IoT to the students.

Dr.Praveen Bansal who is coordinator of EE-IoT briefed the students about the field of IoT, emerging technologies in this field and provided them with departmental highlights. He also encouraged all the students to attend the classes regularly.

Then **Dr.Saurabh Kumar Rajput** continued the session and discussed the *Vision and Mission* of the department with the students. He laid emphasis on how *attitude and skill* mixed with knowledge are important for professional development. He discussed about the *course outcomes, program outcomes and program educational objectives* through which

she attempted to make students understand about the course objectives and provided a vivid picture about what department is aiming through the IoT (EE) program.

2. Scheme/Courses/ Evaluation Process Curriculum and Various Electives (Course introduction, Credits, Commencement of classes, Mode of teaching)

Dr.Kaushal Pratap Sengar and Dr.Gaurav Khare in this session introduced the courses of the semester with the students. He started by discussing the *scheme and the syllabus and the credit each course carries* and then began to briefly explain about the *Departmental core courses, Departmental Lab courses, MOOC platforms, and various electives of the IoT (EE) branch.*

The importance of *online teaching and blended mode of classes* were also discussed by him. He reminded students about the commencement of classes in offline mode.

The process of *continuous evaluation* was discussed which presented the fact that students are being assessed regularly on the basis of quiz, assignments, provided to them and their response during the classes and not just on the basis of pen and paper mode exam. Through this he made students clear about the importance of attentiveness during the lectures.

3. Road map of IoT Curriculum

This activity was performed by *Dr. Praveen Bansal*. He discussed the agenda of the curriculum, about how it is planned to meet the program objectives. He elaborated about the present IoT curriculum and about its utility in the current employment scenario.

Recent advances in the curriculum were briefed. Also, the special importance was given to software languages for IoT learning. *He discussed about various carrier opportunities in the field of IoT and job searching methods were also discussed in detail* in this session. The importance of resume building was also highlighted.

Employment opportunities through All India GATE, ESE, etc were explained by *Dr.Bansal*. At the end of the session students also made queries which were effectively answered by him.

4. Time Table

Time Table for the third semester was discussed by **Dr. Murli Manohar**. He described the importance of weekly special classes for remedial purpose for *identifying slow, medium and fast learners and for problem solving and discussion*.

He emphasized on adhering to time-table for efficient learning.

The time table is as follows-

5. Proficiency Evaluation and Assessment Rubrics for Laboratory courses

Dr. Bhavna Rathore in this session discussed on *proficiency in professional development courses*. She also discussed about the guidelines for the *continuous evaluation of lab courses*. The rubrics for lab courses- *preparation, Report, Observation, Behaviour and Viva*, were briefly discussed by her.

She strictly spoke about *maintaining attendance* which is not only compulsory for writing examination but also for effective learning.

6. NPTEL: Registration, Passing Criterion, and Assignment Submission, Honors & minors requirements.

Dr. Praveen Bansal continued the session wherein he elaborated about SWAYAM/ NPTEL courses in curriculum, their registration, passing criterion, exam and certification. She explained to students about self-learning through such illustrious platforms and its various benefits in terms of achieving honours and minor certification.

7. Examination related discussion

The procedure of the examination was explained in detail to the students of third year by *Dr. Murli Manohar*. He presented the *code of conduct* to be maintained during the exam strictly by the student. The care that must be taken while handling examination answer books, etc. were discussed by him. The following points have been specifically discussed with the second year students:

- A. The COs and Bloom's level taxonomy mapped question papers.
- B. Structure of question papers.
- C. Timely submission of exam form.
- D. Criteria for forwarding the examination form by the department.

8. Importance of participating in technical activities outside the Institute

This activity was performed by *Dr Ankit Tiwari/Dr. Kaushal Pratap Sengar*. He on a light note to students said that all the answers cannot be found in class therefore student participation is mandatory outside the Institute to understand the culture of different spheres which will in turn bring laurels to the Institute and will certainly add to their personalities in a positive manner.

He emphasized on the fact that the certificates gathered in all such activities will strengthen the resume of the students which will benefit them in the long run.

Students were enlightened about government fellowships, their guidelines, procedure of applying for such fellowships, etc. were highlighted by him.

9. Importance of Feedback (CO,PO, Faculty, Curriculum, Lab)

Dr.Yashwant Sawle during his session asked students to give regular feedback on faculty, curriculum, etc. He pressed on the point that how feedback is important in filling the gaps, learning from the mistakes and improving them.

He claimed that student and parent feedback is important for improving labs, class rooms, overall infrastructure and also the course and program outcomes. He concluded by saying that feedback improves motivation to learn and one must sincerely provide it when asked to do so.

10. Importance of Student Chapters and Clubs

How a student chapter serves as a gateway to student's professional development was explained by *Dr. Ankit Tiwari* and *Dr.Gaurav Khare*. He underlined that the clubs and student chapters so formed within and outside the Institute will provide *social development and personal growth. The sense of sportsmanship is developed through these activities which help people in growing as team players as well as individuals*. He spoke about how various clubs help in developing ambition and friendship among people.

11. Lab Visits

Students with the help of faculties and staff have visited the following labs during this session:

- a) *Embedded Control of Electrical Machine lab* by Dr.Saurabh Rajput/Dr. MurliManohar, Assistant Professor and by Mr.Y.D. Jaital lab instructor.
- b) *IoT Architecture and Protocol lab* by Dr. BhavnaRathor, Assistant Professor and by Ms.ShashiGoyal lab instructor.
- c) *Data Science in IoT lab* by Dr. GauravKhare and by Mr.D. Singh lab instructor.
- d) *Minor Project-I* by Dr. Praveen Bansal/ Dr. YashwantSawle, Assistant Professor by Mr. R.S. Yadav lab instructor.
