## The Annual Quality Assurance Report (AQAR) of the IQAC

All NAAC accredited institutions will submit an annual self-reviewed progress report to NAAC, through its IQAC. The report is to detail the tangible results achieved in key areas, specifically identified by the institutional IQAC at the beginning of the academic year. The AQAR will detail the results of the perspective plan worked out by the IQAC. (*Academic Year July 1, 2017 to June 30, 2018*)

3. Interactive Workshop on “Requirements & Preparation for 2<sup>nd</sup> Cycle Accreditation by NAAC” on 23<sup>rd</sup> February 2018 under the IQAC. (For the faculty of the Institute)

### 2.14 Significant Activities and contributions made by IQAC

The following important decisions were taken by the IQAC, guidelines were issues and compliance was sought to ensure effective implementation. The initiatives were taken as follows:

#### 1. Flexible Academic Curriculum :

- It was deliberated that a flexible academic curriculum should be implemented w.e.f. Academic Year 2018-19 and there should be provision for credit transfer through MOOCs.
- The Flexible Scheme for the Flexible Curriculum was framed by the Institute and approved by the Academic Council.

#### 2. Academic Audit :

- It was decided that two Academic Audits should be conducted every year, one by Internal Audit Committee (IAC) and one by external experts.
- In compliance to the decision, the Academic Audits by Internal Audit Committee were conducted on 18<sup>th</sup> February 2017 (24-parameters) & 5<sup>th</sup> August 2017 (12-lab parameters).
- The IAC and two external experts (Dr. Susheel Kumar, Former Professor, Civil Engineering, MANIT, Bhopal & Dr. J.S. Chauhan, Director SATI, Vidisha) conducted academic audit on 17<sup>th</sup> February 2018 on a revised 30-point format addressing all the important teaching-learning parameters.

#### 3. Feedback Collection and Analysis :

- The feedback was collected from students, on-line, w.e.f. January-June 2018 Semester. It is collected *twice* in a semester, analysed and appropriate corrective actions taken.
- A uniform model and comprehensive summary of the feedback analysis and action taken for each department has been prepared for the analysis of feedback.

- A **Faculty Feedback Index (FFI)** has been computed for each faculty on a scale of 5 (five) by taking weighted average of student responses in 5 classes (Excellent, Very Good, Good, Average & Below Average) for 14 (Fourteen) criteria
- Based on the index, (i) areas of appreciation and (ii) areas needing improvement are communicated to each faculty by the concerned Head of the Department.
- It is decided that appreciation letter/awards will be given to faculty members who get very good feedback.

#### 4. **MIT-S-MOODLE :**

The MIT-S-MOODLE was launched on the 15<sup>th</sup> of August 2017 for providing an e-learning environment for interactive teaching, learning and evaluation for students and faculty.

- All the 4600 plus students, faculty members and staff are registered on it.
- A team consisting of 34 faculty members from various departments has been constituted to coordinate the following activities at the department level:
  - ✓ On-line quiz conduction
  - ✓ Direct/indirect assessment of course outcomes (COs), Programme outcomes (POs) and Programme Educational Objectives (PEOs).
  - ✓ Feedback and its analysis
  - ✓ Uploading lecture notes /Assignments/Tutorial Sheets/Question Banks
  - ✓ On-line assessment of assignments
  - ✓ Dissemination of any other academic information
- Between 15<sup>th</sup> to 22<sup>nd</sup> December 2018 on-line quiz using MOODLE was conducted for all I year students for trial purpose. In January-April 2018 Session, on-line quiz was conducted for all the students.
  - ✓ Feedback was taken on COs and Curriculum
  - ✓ The quiz performance was analysed student wise, course wise, question wise
- The CO attainment (Direct +Indirect) for July-December 17 & January-April 2018 Semester has already been computed using MOODLE.
- The attainment of Programme Outcomes (POs) & Programme Educational Objectives (PEOs) for academic year July17-June 18 is currently being computed using MOODLE.
- GET (General Enterprising Tendency) test was conducted for all the students of the Institute for identifying students with entrepreneurial mind set for further grooming.
- The course entitled “**Sustainability in Built Environment**” under Global Initiative of Academic Network (**GIAN**), an initiative of Human Resource Development, Govt. of India during 19<sup>th</sup>-30<sup>th</sup> March 2018 was totally conducted (delivered and evaluated) on MOODLE.

#### 5. **Implementation of On-line Learning Through Platforms such as SWAYAM :**

- The NPTEL (National Programme on Technology Enhanced Learning) Local Chapter became functional from 30<sup>th</sup> Oct. 2017 to provide e-learning through on line Web and Video courses.
- One SWAYAM Manager and a team of SWAYAM coordinators appointed to monitor and motivate students for self-learning.
- The students of II and III year were registered for one SWAYAM course compulsorily, in the January-May 2018 session against self-study/seminar courses in curriculum.
- Subject Matter Experts (SMEs) were assigned to guide and monitor the progress of students.
- The MITS Chapter secured a position in top 100 SWAYAM-NPTEL Local Chapters (87<sup>th</sup> position) for the Jan to April, 2018 semester.

#### 6. **Result Analysis and Corrective Measures for Improvement :**

- The result analysis was performed and the courses for which the pass percentage was not up to mark were identified; the findings were communicated to the concerned departments to propose/implement necessary corrective measures.
- The departments have submitted a report on corrective measures to be taken.

- An overall faculty coordinator and one faculty In-charge from each department has been appointed to take steps to increase the attendance in remedial/Bridge classes.

The duty of this team is to

- ✓ Prepare time table for the above classes/ monitor and maintain attendance
- ✓ Identify and motivate all the backlog and less privileged students/ to attend classes
- ✓ Provide necessary counselling and guidance to them by conducting a few sessions
- ✓ Take all necessary steps to bring these students in the main stream
- ✓ Solve problems related to examination

#### 7. Initiatives for Academically Weaker Students :

- It was decided to put in place a mechanism to improve student performance and to reduce failure rate through effective conduction of remedial/performance improvement classes.
- One Professor is appointed as In-Charge with a team of 12 faculty coordinators at the department level for attendance monitored on weekly basis. The fast learners were also motivated to guide the slow learners.
- Students needing special attention were identified, course and department wise.
- The team provided necessary counselling to students and helped in solving their problems.
- The overall percentage of students who attended these classes in January-April 2018 session is about 26% which is expected to improve in the next semester.

#### 8. Examination Reforms :

- **Digitization of valuation:** It was decided that Answer Books of end-term examination should also be shown to the students to maintain transparency and credibility.  
The digitization of answer books and digital valuation for First Year students was started from April-May 2018 examination.  
The valued answer books were shown to the students.
- **Displaying Model Answer Sheet:** *Model answer sheet is being prepared by the faculty members on the day of the examination and it is uploaded on MOODLE on the same day, so that students can review their performance.*
- **Integrated valuation:** *On a pilot basis, a few M.E./M.Tech papers are being evaluated by multiple valuers in the ongoing April-May 2018 examination.*
- **On-line question paper feedback:** *On-line question paper feedback is taken till 6.0 pm on the day of the examination to get students' opinion on the difficulty level, quality of the question paper and to know about discrepancies if any*

#### 9. Administrative Audit :

- It was decided that an Administrative Audit should be conducted once every year.
- Administrative Audit was conducted on 22<sup>nd</sup> Feb. 2018 for following supporting departments: General Office, HR / Establishment, Security, Housekeeping / Guest House / Garden, EDC, Dispensary, Hostels
- Corrective actions were taken based on the report for improving the systems at the above departments.

#### 10. Revision of Honorarium for Paper Setting/Checking/Conducting Practical Examinations in MITS-Autonomy :

- On the basis of recommendations of a duly constituted committee, the honorarium to external examiners for conducting practical viva-voce examination has been doubled and for evaluating UG student projects has also been substantially raised.
- The honorarium to external and internal examiners for evaluating PG dissertations has been brought at par.

### **11. Full Time Ph.D. Fellowship and Promotion of Research Culture in the Institute :**

- It was decided that full time Ph.D. fellowship should be started in the Institute.
- Norms for providing Research Associate (RA) fellowships with financial assistance from TEQIP-III in eligible departments have been formed and the programme will be started from Academic Session 2018-19.
- The All India Council of Technical Education (AICTE) has recognized the Institute as a research centre for **National Doctoral Fellowship (NDF) Programme** w.e.f. Academic session 2018-19.
- Financial support for research project will be provided to the identified proposals submitted by faculty members w.e.f. Academic session 2018-19.

### **12. Initiatives Taken for Increasing Effectiveness of Outcome Based Education (OBE) :**

- To increase the effectiveness of learner centric environment, the institute has appointed Outcome Based Education (OBE) coordinators at institute and department levels.
- OBE student groups are also formed for effective involvement of the students in the process
- The IQAC conducted one-week short term course (STC) on OBE in March 2018.
- A two-day workshop on OBE in collaboration with NPIU was also conducted for all the faculty members of the institute in March 2018.
- It was decided that question paper setting has to be based on Course Outcomes (COs)
- Guidelines were prepared for paper setters regarding difficulty level, distribution of marks, and for aligning question paper with Revised Bloom's Taxonomy.
- To train faculty members, two-day 5 workshop on "Effective techniques of Question Paper Setting- An OBE Approach" was organized during 7<sup>th</sup>-8<sup>th</sup> February 2018.
- To apprise all stakeholders about the OBE process, syllabi with COs will be uploaded on the Institute website.
- With effect from May-June 2018 examination the questions papers are being set based on Course Outcomes (COs).
- Attainments of COs, POs and PEOs are being computed using direct and indirect assessment using MOODLE.

### **13. Financial Support to Meritorious Students from Economically Weaker Sections :**

- A faculty coordinator is appointed to coordinate activities and to create a fund for partially supporting deserving, meritorious students belonging to economically weaker sections of society.
- For generating fund for this efforts are being made to get assistance through
  - ✓ The Corporate Social Responsibility (CSR) fund of leading public sector companies
  - ✓ The Alumni (Alumni already come forward with offer to support two students)
  - ✓ Social contributions/donations

### **14. Enhancing Collaboration with Other Institutions/Organizations :**

- Abhigyan Abhikaushalam Students' Forum (AASF) in collaboration with ABV-IIITM has been started (MoUs signed) for collaborating and conducting inter-institute events and knowledge sharing among students.
- The Institute is collaborating with PDPM Indian Institute of Information Technology Design & Manufacturing (IIITDM), Jabalpur under the Electronics & ICT Academy (an initiative of Ministry of Electronics and Information Technology, Govt. of India) for conducting Joint Faculty Development Programmes.
- As a consequence, Institute will be recognized as Nodal (Remote) Center of Electronics & ICT Academy PDPM IIITDM Jabalpur. Under this collaboration, different training programmes/courses relating to emerging interdisciplinary trends/areas will be organized.  
In the near future, it is proposed to organize following summer programmes
  - ✓ ANN and Deep Learning (11-15 June 2018)
  - ✓ Internet of Things (IoT) (18-22 June 2018)

- The Institute has become a partner under the initiative Called "Making Deep Learning and AI skills mainstream in India by **“Royal Academy of Engineering, UK”** to fulfil trilateral needs of entrepreneurship, Industry-Academia partnership and application-inspired Engineering Research".
  - ✓ As a Partner, Faculty members and students of MITS Gwalior will be trained on the aspects relating to AI and deep learning technologies with the opportunity to work at Supercomputing lab of Bennett University.
  - ✓ Moreover, students will be offered internship opportunity based on selection criteria

#### **15. Events & Activities Conducted by Professional Society Chapters/Students Clubs :**

A total of 86 activities were conducted in the Academic Year 2017-18 by the various Student Clubs, Professional Society Chapters and under Sports.

- 1.4 **Whether there is any revision/update of regulation or syllabi, if yes, mention their salient aspects.**

The Flexible Curriculum has been developed for implementation w.e.f. Academic Session 2018-19.

*The salient features of the new Flexible Curriculum are:*

- *For the award of Under Graduate Degree (UG) in Engineering/Technology & Architecture, it is required to earn minimum 170 & 260 Credits respectively.*
- *Students will be eligible to get UG Degree with Honours or Minor Specialization (relating to other fields of Engineering, Technology, Applied Science, Management etc.), if they earn 20 & 24 extra credits (in addition to the compulsory credits required to obtain the B. Tech. & B. Architecture degrees respectively).*
- *These additional credits may be acquired through SWAYAM /NPTEL/MOOC platform based learning.*
- *There is a provision from 5th semester onwards for the desirous students to opt for additional courses in order to earn the 20/24 additional credits required for honours or minor specialization.*
- *Different Tracks of Specialization will be created for the students, according to their interest & career focus, for selecting additional courses to get Honours or Minor Specialization.*
- ***Ethics, Environmental Science, Disaster Management, Intellectual Property Rights (IPR) and Cyber Security** are included as **Mandatory Courses (MC)** at appropriate places in the scheme.*
- *Two Audit Courses at second and third year on '**Biology for Engineers**' and '**Indian Constitution & Traditional Knowledge**' are introduced. It will be compulsory to acquire the specified credits in these courses by securing the minimum pass marks. However, these credits will not be counted in the aggregate credits.*
- *Beginning with academic year 2018-19, there will be an **Induction Programme** of **three (03) weeks duration** for the **First Year Students**, which will include- Physical activity, Creative Arts, Universal Human Values, Literary, Proficiency Modules, Lectures by Eminent People, Visits to local Areas, Familiarization to Department/Branch & Innovations, Foundation Courses etc. To accommodate for this activity at the beginning of the session, the credits of 1<sup>st</sup> & 2<sup>nd</sup> Semester have been kept at 21.*

- One Credit' at the 8<sup>th</sup> semester is allotted for 'Innovative Technical Contribution' to motivate, inspire and recognize student participation at National/ International level technical events during the entire tenure of the UG programme. The detailed guidelines for evaluation will be prepared in due course of time.
- It will be mandatory for students to undertake Three (03) Internship Programmes as per the following details for completing the UG degree requirements.

S.No.	Detail	Hours	Year of Internship	Evaluation
1.	Summer Internship Project-I (Institute Level)	60 Hours	First Year	III Semester (02 Credits)

## 2.6 Innovative processes adopted by the institution in Teaching and Learning :

- Innovative teaching–learning model developed for enhancing the self-learning skills of students (by utilizing on-line courses using the SWAYAM platform)**
  - The NPTEL Local Chapter was started at MITS from October 2017
  - One faculty appointed as SWAYAM manager and 10 faculty members as departmental coordinators for SWAYAM
  - One SWAYAM course was compulsory for II & III year students against self study course
  - An innovative model was developed for the conduction of these courses.
  - The MITS Chapter ranked (87<sup>th</sup>) among the top 100 local Chapters of the country
- Effective implementation of remedial/bridge classes for weaker students**
  - Appointment of one institutional and 10 department level coordinators for monitoring and counseling of weak students
  - Registering weak students for special classes after college hours and on Saturdays
  - Personal attention to these students by the faculty members, close monitoring of their attendance and performance
  - The impact analysis shows that the results for the students who attended these classes has improved substantially.
- Institute launched its own MOODLE (Modular Object-Oriented Dynamic Learning Environment) on August 15<sup>th</sup> 2017. This platform is very effectively being used for effective implementation of Outcome based Learning.**
  - Computing attainment of Course Outcomes (COs) and Programme Outcomes (POs) using direct assessment
  - Student feedback collection on COs, POs and computation of attainment using Indirect Assessment
  - Mapping of COs with Programme Outcomes (POs)
  - Mapping of POs with Programme Outcomes (PEOs)
  - Student evaluation using on-line quiz
  - Feedback on question paper
  - Feedback on faculty/teaching-learning
  - Conducting various aptitude tests like General Enterprising Tendency Test (GETT)
  - The MOODLE platform and its associated features are helping in carrying out an in-depth study on student performance by computing student performance/responses in numeric /percentage values in five linguistic classes.

- The performance is also being computed for each question separately, helping in identifying weak/strong areas
  - All faculty, staff and UG, PG, PhD students are registered on MOODLE
4. Uploading lecture notes, GATE questions, unit-wise questions banks, tutorial sheets, assignments on Institute MOODLE
- This practice helps in creating student centric learning environment.
  - Students can go through notes and other material in their own time and interact with the teacher in the class

2.8 Examination/ Evaluation Reforms initiated by the Institution (for example: Open Book Examination, Bar Coding, Double Valuation, Photocopy, Online Multiple Choice Questions)

- **Digitization of valuation:** Partial evaluation of answer sheets in the digital mode was done for the ongoing April-May 2018 examination, for I year B.Tech and PG in Computer Applications on pilot basis.
- **Displaying Model Answer Sheet:** Model answer sheet/solution was prepared by the faculty members on the day of the examination and it was uploaded on the MOODLE on the same day, so that students can review their performance.
- **Integrated valuation:** On a pilot basis, a few M.E./M.Tech papers were evaluated by multiple valuers in the April-May 2018 examination.
- **On-line question paper feedback:** On-line question paper feedback is taken till 6.0 pm on the day of the examination to get students' opinion on the difficulty level, quality of the question paper and to know about discrepancies if any.
- **On-line QUIZ using MOODLE:** The QUIZ for internal evaluation is conducted on-line using MOODLE and the faculty and students get the results and the performance analysis instantly.

## 2.12 How does IQAC Contribute/Monitor/Evaluate the Teaching & Learning processes :

- The meeting of the IQAC is conducted quarterly. For finalizing the agenda of the IQAC, meeting of Heads of Departments (HoDs) and Deans is held. Inputs from all departments are taken to identify the areas needing attention and improvement.
- After the IQAC meeting, operational policies are formed and the decisions are communicated to the departments; deadlines are set for compliance.
- **The implementation status and compliance reports from the departments are closely reviewed and monitored by the office of the Dean Academics throughout the session.**
- When some shortcomings or lapses are observed, they are brought to the notice of the concerned HoDs to initiate corrective actions.
- The compliance reports are tabled in the next meeting of the IQAC and further suggestions are sought.
- Similarly, the reports of Academic Audit are reviewed by the IQAC and further course of action is decided for improvement.
- New guidelines coming from AICTE, NAAC and other agencies from time to time are also implemented after discussion in IQAC.
- In addition to class coordinators, department level coordinators are appointed for OBE, SWAYAM, Remedial/Bridge Classes, Industry focusses projects etc.

### 3. Research, Consultancy and Extension

#### 3.1 Initiatives of the IQAC in Sensitizing/Promoting Research Climate in the institution

- It was decided by the IQAC that full time Ph.D. fellowship should be started in the institute. So proposal was submitted to the Central Government and the Institute as a research centre for **National Doctoral Fellowship (NDF) Programme** w.e.f. Academic session 2018-19.
- The IQAC advises that research fellowships should be given to deserving candidates who are perusing Ph.D. from the institute. Therefore, norms for providing Research Associate (RA) fellowships with financial assistance from TEQIP-III were formed and the programme will come into effect from Academic Session 2018-19.
- Financial support for research project will be provided to the identified proposals submitted by faculty w.e.f. Academic Session 2018-19.
- It was also decided by the IQAC that each faculty member should submit at least one proposal for research funding from external agency.
- The IQAC has approved a monitoring mechanism for Ph.D. students who are registered in the institute. To evaluate the performance, a six monthly review will be conducted by a duly appointed committee to evaluate the performance of the candidate. Candidates will be encouraged to **communicate /publish at least one paper every six months in a Journal/Conference.**

### 5. Student Support and Progression

#### 5.1 Contribution of IQAC in enhancing awareness about Student Support Services

- Initiative taken by IQAC to create fund for supporting students from economically weaker sections
- The IQAC has given guidelines for the development of GATE/employment oriented teaching learning.
  - ✓ In lieu of the above the faculty is preparing GATE level questions and study material.
  - ✓ Also, in-house training programmes by external agency/experts for GATE and employability enhancement will be conducted from July 2018 onwards for pre-final and final year students.
- Provision for internship in curriculum: There are three mandatory internships which will help in increasing employability and skills of students. In addition to this, student will be given the flexibility to complete all credits using MOOCS and opt for Internship for full 8<sup>th</sup> Semester.
- Each department has appointed a Project Coordinator at departmental level to identify and facilitate execution of student projects which are industry focussed/useful to society from next session onwards.
- The Grievance Redressal Cells are active for girls as well as Boys. Meetings are held with the students to find out their problems, if any. The minutes are communicated to the Dean Student Welfare or Proctor (depending on the type of problem), for further action.

## 5.2 Efforts made by the Institution for tracking the progression

- Remedial/bridge classes are being made more effective through constant motivation and monitoring. The pass percentage of students is closely monitored.
- Orientation programmes are conducted for students to make them aware of the support system available at the institute and to know about their aspirations.
- An exit survey is conducted to find out about the final status of student employment and their views on various other issues.
-

As of now no major grievance has been reported, what-so-ever issues were brought forward for attention were addressed on day today basis.

## **Criterion – VI**

### **6. Governance, Leadership and Management**

#### **6.1 State the Vision and Mission of the institution**

##### **VISION –**

- To create world class quality Engineers and Technocrats capable of providing leadership in all spheres of life and society.

##### **MISSION –**

- To provide quality education in technical and allied disciplines.
- To organize and arrange innovative courses in Engineering and Technology.
- To arrange vocational courses in the upcoming fields and innovative subjects to meet global advancement.
- To promote research in the fields of Technology and Science.

#### **6.2 Does the Institution have a management Information System: Yes**

- IMS (Information Management System) is a cost effective integrated online service that manages Admission (PG), Post Admission Registration, Examination & Result Processing, Library and Accounts of the Institute. IMS is running successfully since last two years with the objective to computerize the work and reduce paper work. Services are online and can be accessed via internet. It reduces human effort and provides high security & availability of data. Students can register online, pay fee and can see/download their results. IMS provides fully automated Examination & result processing system in which marks are obtained in online mode, the TR is generated & final mark sheets are immediately visible to the students.
- Total 6699 users of 48 different department/sections are registered. The IMS comprises of the following modules:
  - ✓ IMS(for student)
  - ✓ MIS(for faculty/Staff)
  - ✓ ECS(for Examination)

- ✓ Library Module
- ✓ Admission (PG admission) Module
- IMS/MIS is deployed / hosted on the cloud servers and ECS system is installed in the institute, following is the configuration of ECS System. Processor: Core I7, RAM -4GB, 1TB HDD.

### 6.3 Quality improvement strategies adopted by the institution for each of the following:

#### 6.3.1 Curriculum Development

- The Board of Studies consists of all faculty members of the department, there are representatives of alumni, persons from the industry and external subject experts. Informal and formal meetings with students are conducted ahead of the BoS meeting.
- Before framing the syllabi, syllabus development workshops are conducted; curriculum of other National/International institutes is also referred.
- Syllabi of GATE and other competitive examinations is also taken into consideration.
- Along with the syllabi, the Course Outcomes are also discussed and finalized.
- Provision is kept for MOOCs through NPTEL/SWAYAM platform.
- The list of departmental/open electives is dynamic, it changes to keep pace with the innovations and current needs of the society/industry.
- **Flexible Curriculum is developed recently to be implemented w.e.f. 2018-19.**
- The schedule of the BoS meeting (Sample) is as given below :

**Madhav Institute of Technology & Science, Gwalior – 474 005**  
(A Govt. Aided UGC Autonomous & NAAC Accredited Institute Affiliated to RGPV, Bhopal)

**Schedule of the BOS Meeting**

**Date: 7<sup>th</sup> April 2018**

S.No.	Activity	Time	Activity Outcome
1	Meeting with Group of Students (including Student OBE Coordinators)	11.00 A.M. - 12.15 P.M.	Feedback / Input from Student
2	Preliminary Discussion on the Grading and Flexible Scheme/Curriculum Design	12.15 -01.20 P.M.	To discuss and develop the general context regarding essentials of Scheme/Curriculum
	Lunch	01.20-02.00 P.M.	-
3	Presentation / general discussion on the draft of Scheme & Curriculum relating to proposed Flexible Structure/ Grading system	02.00-02.45 P.M.	To give the overview of prepared draft of Scheme & Curriculum

4	Course Specific discussion, Review and consideration of input from experts for improving the proposed scheme/curriculum	02.45-03.30 P.M.	Improvement of course contents / possible inclusions as per the suggestions

### 6.3.2 Teaching and Learning

- Interactive teaching and group learning is being promoted where students are encouraged to give presentations in group, particularly in self-study/seminar classes
- All class rooms are fitted with projectors. Faculty makes use of modern instruction tools, PPTs, Video Clips etc wherever necessary.
- The notes and study material, question banks etc are uploaded on the institute MOODLE.
- On-line evaluation is carried out using MOODLE.
- To promote self-study, all students are compulsorily registered for one NPTEL course (Appearing in the on-line examination is optional). The subject matter experts (SMEs) do the evaluation on the basis of **uniform guidelines framed at the Institute level** :

The following evaluation guidelines are employed :

Criterion	Weightage (%)
Continuous evaluation by the teacher(s) of the course through (Seminar/Presentation/Group assignments)	40
Evaluation through ONE Midterm Exam	20
ONE Quiz through Institute MOODLE	20
Monitoring and record of attendance	20

### 6.3.3 Examination and Evaluation

#### Question Paper Setting

- Question papers for mid-term and end-term examination were based on Course Outcomes.
- Detailed guidelines were issued to paper setters in this regard and norms were set for weightages given to easy, moderate and difficult questions as per the following norms :

S. No.	Estimated difficulty level of question	Percentage
1.	Easy (Knowledge/ Remembrance)	30%
2.	Average (Understanding/ Applying)	50%
3.	Difficult (Applying/ Analyzing/ Evaluate)	20%
<b>Total</b>		<b>100%</b>

#### Evaluation System

- To bring transparency in the evaluation system digital valuation is done on pilot basis in the April-May examination 2018.
- The answer books were shown to the interested students, retotaling cases were reduced to zero and there was a drastic reduction in applications for revaluation.

### **Role of IMS in Conduction of Examination**

- The process from filling examination forms to making seating plans, preparing various data formats, all the work is on-line on the institute Information Management System (IMS).
- Result declaration, printing of mark sheets etc. is also managed by the IMS

### **6.3.4 Research and Development**

For the improvement of Research and Development activities in the institute, the following strategies are being adopted :

- Full time Ph.D. fellowships are being started in the institute under the **National Doctoral Fellowship (NDF) Programme** w.e.f. Academic session 2018-19.
- Research Assistantship (RA) will be provided to deserving candidates who are perusing Ph.D. from the institute with effect from Academic Session 2018-19.
- Financial support for research project will be provided to the identified proposals submitted by faculty w.e.f. Academic session 2018-19.
- It was also decided by the IQAC that each faculty member should submit at least one proposal for research funding from external agency.
- The IQAC has approved a monitoring mechanism for Ph.D. students who are registered in the institute. To evaluate the performance, a six monthly review will be conducted by a duly appointed committee to evaluate the performance of the candidate. Candidates will be encouraged to **communicate /publish at least one paper every six months in a Journal/Conference.**

### **6.3.5 Library, ICT and physical infrastructure / instrumentation**

- *The Library subscribes more than 496+ titles of e-journals from various publishers like Science direct, IEEE, ASCE & ASME via lease line campus access authentication.*
- *Central library is also in the process of procuring more than 300+ titles of e-books from publishers like Pearson, TMH, CBS & Wiley.*
- *Library also has a membership of National Digital Library (NDL) of India and all the registered students can access all the content of Digital library (<https://ndl.iitkgp.ac.in/>).*
- *Library also has a membership of world e-book library (<http://community.worldlibrary.in/?AffiliateKey=NDL-IE1638>)*
- *For accessing all the e-journals & e-books in the central library, institute has already initiated the process of procuring latest PCs and renovation of the existing audio visual section.*

### **6.3.6 Human Resource Management**

Human resources management and its quality assurance is made effective through API Appraisal System for faculty and numeric model for appraisal for staff.

The Career Advancement Schemes are implemented according to the state and AICTE norms, from time to time.

### 6.3.7 Faculty and Staff recruitment

- It has been decided that annual increments and promotions under CAS will be based on the Academic Performance Index (API).
- The screening/interviews under the Career Advancement Scheme (CAS) were conducted for all eligible cases in January 2018.
- Against 54 faculty members engaged under TEQIP-III by NPIU 50 have joined the different Engineering and Allied Departments of the institute.
- For the vacant posts (20 numbers) at Assistant/Associate Professor Levels, the advertisement for regular appointment has already been floated; screening has already been done.

### 6.3.8 Industry Interaction / Collaboration

- A Global Alumni Meet is held in the institute every year at the time of Founders' Day in November.
- A large number of Alumni come to the institute and interact with the faculty and students.
- Regular industry visits are organized for students and industry experts are invited to deliver expert lectures.
- Industry Conclave was organized on 12<sup>th</sup> -13<sup>th</sup> November 2017

### 6.3.9 Admission of Students

- The admission of students is done on-line, centrally by the Department of Technical Education (DTE), Bhopal, Madhya Pradesh.
- All the State and Central Government norms/reservation policies etc. are fully adhered to.
- Full 100% seats are filled. The branch and category wise details are enclosed in **ADMISSIONS IN YEAR 2017-18 DETAILS ENCLOSED (ANNEXURE – XII)**

### 6.4 Welfare schemes available for stake holders are :

Teaching	Teachers Welfare fund as per University guidelines.
Non teaching	(i) Institutional Resources according to need base. (ii) Fee Waiver scheme in Higher Degree for one child.
Students	(i) Insurance (ii) Alumni Support.

Initiations are under progress to create a corpus through donations and CSR to support meritorious students having financial problems.

6.5 Total corpus fund generated

6.6 Whether annual financial audit has been done  Yes  No

### 6.8 Does the University/ Autonomous College declares results within 30 days?

For UG Programmes	Yes	<input checked="" type="checkbox"/>	No	<input type="checkbox"/>	<b>Within 15 Days</b>
For PG Programmes	Yes	<input checked="" type="checkbox"/>	No	<input type="checkbox"/>	<b>Within 15 Days</b>

### 6.9 What efforts are made by the University/ Autonomous College for Examination Reforms?

- **Digitization of valuation:** Was started on pilot basis w.e.f. April-May 2018 examinations. The experiment has proved very successful and satisfactory for the students as well as the institute. There were no totalling mistakes and the applications for revaluation were reduced drastically as the students were allowed to see their valued answer books. Therefore from the next Academic Year it is expected that full end-term valuation will be done digitally.
- **Displaying Model Answer Sheet to students:** Model answer sheet/solution prepared by the concerned faculty members was electronically displayed to the students on the same day (after the completion of the examination) through the MOODLE, so that students could review their performance.
- **Integrated valuation:** On a pilot basis, a few M.E./M.Tech papers were evaluated by multiple valuers in the April-May 2018 examination.
- **On-line question paper feedback:** On-line question paper feedback is taken till 6.0 pm on the day of the examination to get students' opinion and comments on the difficulty level, quality of the question paper and to know about discrepancies if any.
- **On-line QUIZ using MOODLE:** The QUIZ for internal evaluation is conducted on-line using MOODLE and the faculty and students get the results and the performance analysis instantly.

**6.10 What efforts are made by the University to promote autonomy in the affiliated/constituent colleges?**

**NOT APPLICABLE**

**6.11 Activities and support from the Alumni Association**

- MITS is a 60-year old institute and its alumni are adorning high positions in academic, government and corporate sectors; there are many successful entrepreneurs also.
- Alumni association is very active and a number of activities are conducted every year. One Global alumni meet is conducted every year during the foundation day.
- The alumni association is a big support for the institute. Recently, in January 2017 the new Institute Gate was constructed from alumni funds.
- There are a number of scholarships initiated by the alumni for supporting students who are meritorious and from economically weaker sections of the society.

**6.12 Activities and support from the Parent – Teacher Association**

- Parent teacher forums are created at the department level
- Parent teacher association has been formed at Institute Level.
- Meetings are conducted once every semester/ whenever a feedback is required.
- The parents feedback is employed for general quality improvement.

**6.13 Development programmes for support staff**

S. No.	Name of staff	Activity	Event venue	Date	Duration
<b>Electrical Engineering</b>					
1	R.S.Yadav	Introduction of Transducers/Sensors for Industrial Automation	ATI EPI Dehradun	11-15 June 2018	One Week
2	Rajesh Sharma	Introduction of Transducers/Sensors for Industrial Automation	ATI EPI Dehradun	11-15 June 2018	One Week
<b>CSE/IT</b>					
1	Santosh Sharma	STTP on Linux Administration Using Centos	NITTTR, Chandigarh	30 April -4 May 2018	5 Days
2	Sanjay Aroliia	STTP on Linux Administration Using Centos	NITTTR, Chandigarh	30 April - 4 May 2018	5 Days

**6.14 Initiatives taken by the institution to make the campus eco-friendly**

- Regular Environment Audit, Energy Audit, Water Audit are conducted in the institute.
- The recommendations are implemented.
- The institute has an eco-friendly campus with 65% of its land covered by urban forestry and well maintained gardens.

- Measures have been taken to conserve water and electricity.
- The Institute is committed to save paper by making use of through electronic data management and dissemination and options such as both side printing are in regular practice.
- Sewage Treatment Plant (STP) for converting black water into grey water will be installed soon.
- Installation of compost making machine is already proposed for the coming year.

## **Criterion – VII**

### **7. Innovations and Best Practices**

#### **7.1 Innovations introduced during this academic year which have created a positive impact on the Functioning of the institution. Give details.**

- NPTEL local chapter was opened and students were engaged in self-learning by motivating and training them to make use of the on-line learning platform.
- On-line quiz and feedback through MOODLE
- Assessment of CO-PO-PEO attainment using MOODLE
- On-line faculty feedback from students and development of a Faculty Feedback index
- Digitization of examination; digital valuation successfully implemented for I year
- Question paper setting based on course outcomes
- Uploading/Displaying of Model Answer Sheet to students after the examination
- Daily on-line question paper feedback after the completion the examination
- Development of 42 in-house Internship Modules and providing hands on summer internship for all I year students on the campus

#### **7.2 Provide the Action Taken Report (ATR) based on the plan of action decided upon at the beginning of the year**

**ACTION TAKEN REPORTS (ATR) ARE ENCLOSED IN ([ANNEXURE – II](#))**

#### **7.3 Give two Best Practices of the institution**

- 1. On-line Faculty Feedback Collection and Analysis**
- 2. Self-Learning Model (Developed Using SWAYAM/NPTEL)**

**BEST PRACTICES OF THE INSTITUTION DETAILS ENCLOSED ([ANNEXURE – XIII](#))**

#### **7.4 Contribution to environmental awareness / protection**

- The area of MITS campus is about 45 Acres out of which 15% is built area and 20% area is covered by roads, rest of the area is green (Urban forestry, gardens and sports grounds) housing a huge variety of birds.

- Practices such as E-journals, use of Whatsapp for information flow, use of IMS, students' course material in soft copies, use of e mails for information transfer, both side printing on paper etc. are in use for office and departments.

7.5 **Whether environmental audit was conducted?** Yes  No

- Following Committees (constituted & amended vide order no.2239 dated 11.08.2017, 1150 dated 24.04.2018 & 1164 dated 25/26.04.2018) are regularly performing monitoring and controlling activities to strengthen the environment friendly practices in the Institute:
  - Energy Audit Committee
  - Water/Waste water Audit/Solid waste management Committee
  - Health Audit Committee
  - Inbuilt Environment/Campus/Air Quality/Transport Audit/Green Audit Committee
  - Good Practices Implementations Committee
- The corrective measures and new initiatives based on quarterly audit reports are being taken in a timely manner.

**Based on the audit recommendations procurement is under process for the following :**

- Sewage Treatment Plant (STP) for converting black water into grey water
- Installation of Compost making machine

7.6 **Any other relevant information the institution wishes to add. (for example SWOT Analysis)**

### **DETAILS OF SWOT ANALYSIS WITH METHODOLOGY**

SWOT analysis was carried out with the involvement of various stake holders' participation. All the important points related to SWOT were considered. Some of the important parameters taken into consideration for analysis were, teaching learning process, human resources, services, physical resources, finance and organization pattern along with its formalization procedures etc. The brain storming sessions in different groups were conducted to discuss the various parameters involving in the analysis of SWOT.

For the purpose of analysis, various comments received during discussions were analyzed and reported. In these various sessions, 72% students, 98% Faculty members and 80% supporting staff of various departments of the Institute participated. The outcome of the discussion during free flow of information is diagnosed and analyzed by "Weisbod's" Model using statistical parameters is reported below:

#### **STRENGTH**

- (a) The Institute is accredited by National Assessment & Accreditation Council (NAAC) for five years, till September 11, 2022 with grade B<sup>++</sup> and CGPA of 2.86.
- (b) The institute has goy autonomy from University Grants Commission (UGC) for a period of 6 years w.e.f. July 2017-18.

- (c) A 60 years old premier Institution having Grant-in-Aid status from the State Government of Madhya Pradesh, has a campus of over 44.6 Acres.
- (d) Many programmes of the institute have been once/twice accredited by National Board of Accreditation.
- (e) The Institute has a MOODLE (Modular Object-Oriented Dynamic Learning Environment) which is extensively used for (i) providing on-line learning material, notes, PPTs, question banks etc (ii) conducting on-line quiz, for computing and mapping academic parameters (such as CO-PO-PEO attainments)
- (f) An active NPTEL (National Programme on Technology Enhanced Learning) local chapter operational since 2017 in the institute to bring in the culture of self-learning; the institute chapter ranked 87<sup>th</sup> in the country among about 1200 plus chapters during Jan-May 2018 session.
- (g) The institute conducts in house summer internship programme for the first year students where they are given hands on exposure to various skills.
- (h) Remedial classes are being conducted effectively for weak students and its impact analysis is also being conducted.
- (i) The institute takes a structured on-line feedback from its stakeholders and has developed an efficient mechanism or its analysis, which is used effectively for quality improvement.
- (j) The institute has good infrastructure, all class rooms have white boards and projectors, availability of wi-fi & internet facility and a green campus.
- (k) Due to congenial environment and good academic atmosphere the top most students of Madhya Pradesh opt for this institute (amongst state level colleges) as their first choice for study.
- (l) The Alumni of the Institute are at leading positions in various government organizations, PSUs, Private Sector Organizations and institutions of higher learning.
- (m) Eminent personalities constitute the management and Board of Governors.
- (n) Exercising Academic Autonomy successfully since the year 2002.

- (q) The institute has active interaction with the local industries.
- (r) The institute has an active Entrepreneurship Development Cell which conducts large number of activities.
- (s) The institute is an approved Ph.D. Research Centre of the University. Five departments are approved QIP (minor) research centres for Ph.D. and some candidates are admitted also under the National Doctoral Fellowship (NDF).
- (t) The Institute conducts Continuing Education Programmes regularly.
- (u) Institute conducts Faculty Development Programme regularly.
- (v) The institute has autonomy to Procure Goods and services and has administrative and managerial autonomy.
- (w) The institute has well defined Vision, Mission and Goal.
- (x) The institute has effective interaction with its eminent and dynamic alumni.
- (y) The institute is very well connected by road, rail and air.
- (z) Having highest placement of students through T&P cell of the Institute in the region.

## **WEAKNESS**

- (a) Financial constraints for removal of obsolescence & commencement of new demand based programmes/facilities.
- (b) Extra built-up area required for new PG courses/UG increase in intake.

- (c) Requirement of advanced Technical Resources & Learning Materials.
- (d) Exposure of recent advances and trends in Engineering & Technology to the faculty and staff.
- (e) Library up-gradation & office Automation needed.
- (f) Auditorium, more Sport facilities, transportation & more accommodation for students/staff are required.
- (g) Up-gradation of Networking of Campus.
- (h) Need of advanced software & hardware.
- (i) Up-gradation of modern and up to date research facilities.
- (j) More collaborations with industries and institute of higher learning.
- (k) More middle level faculty required.
- (l) More faculty with Ph.D. degree required.
- (m) Need of Student's soft skill, personality development programmes.
- (n) Installation of modern teaching aids and facilities deprived faculty from learning pedagogy.

### **OPPORTUNITIES**

- (a) To start demand based innovative courses
- (b) To improve the quality of education by adopting modern tools, methodologies & learning Materials.
- (c) To produce trained man power to face the global challenges.
- (d) To develop world class Technical Resource Centre
- (e) To strengthen skills of weaker section of society by imparting training for enhancing self employment to the nearby area.
- (f) To be a part of global Economy by providing excellent Technical Human Resources.
- (g) To establish world class research facility & to get involve in solving existing industrial problems at local/regional/National level.
- (h) To participate actively in community development programme for regional upliftment.
- (i) Professionally managed and well established 53 years old government aided institution provide good opportunity to attract more qualified and experienced faculties / staff.

## **STRATEGIC PLAN FOR INSTITUTIONAL DEVELOPMENT AS PER SWOT**

The strategy based on SWOT analysis is formulated to strengthen the UG, PG and Ph.D. courses of Institute and to improve the employability of students. Following are the basic fundamental strategies options to be adopted for the improvement and making Institute as a knowledge centre and centre of excellence for imparting education and training in the area of Engineering & Technology, so that the human resource generated is effectively useful for the society in general and industries in particular.

### **8. Plans of Institution for next year**

#### **Laboratory Infrastructure Development**

- ✓ Development of Electrical Machines Lab (Fund Rs. 59 Lacs)
- ✓ Development of Design Centre [Fund Rs. 100 Lacs]
- ✓ Development of Control Lab(Fund Rs. 20 Lacs)
- ✓ Development of PCB & Communication Engg Lab (Fund Rs. 71 Lacs)

#### **Faculty Knowledge and skills enhancement**

- ✓ Enrolment of 06 non Ph.D. faculty members for qualification up-gradation under twinning arrangement of TEQIP-III & In-house Guidance
- ✓ Participation of Faculty in National/International Seminar, Conference, Workshop and in Continuing Education Programs
- ✓ Management Development Training of Faculty
- ✓ Training of faculty in Subject knowledge & Research Domain
- ✓ Training on Basic and Advanced modules of Pedagogical Aspects

#### **Accreditation and quality enhancement initiatives**

- ✓ Apply for NBA accreditation of (BE-EE, ME/MTech.-CTM, CSE & MW)
- ✓ NBA Visit for (BE-CE, ME, CSE, EL)
- ✓ Preparation and assessment for NAAC Application for (cycle-2)

#### **Faculty Recruitment**

- ✓ Appointment of Faculty Members on Regular Basis  
(Assistant Professor: 20, Associate Professor: 02)
- ✓ Appointment of Faculty Members on Contract Basis (80 Faculty at Assistant Professor Level)

- For each student it is compulsory to appear in two mid semester examinations. The mid-semester marks will be awarded by taking the average of two mid-semester examination marks.
- It is compulsory for all Ph.D. candidates who are registered at MITS research centre to register on the above mentioned dates and submit all their past fee dues. They are also required to submit the copy of all the past receipts, registration letter from the university along with their progress reports duly signed by their supervisors in the office of the Dean, R&D.
- Students are required to submit the Affidavit/Undertaking duly signed by their Parent/ guardian regarding fulfilling the attendance requirements and not indulging in any act of indiscipline. The format of the same is available on the Institute website.
- The students whose result is not declared/not eligible for year promotion and applied for revaluation/Challenge case are required to provisionally register with the Class Coordinator with the undertaking that if they fail, their provisional registration may be treated as cancelled. Attendance during the period of provisional registration will be counted for fulfilling attendance requirements
- Students are required to maintain a copy of the fee receipt for any further requirements and verification.

## MADHAV INSTITUTE OF TECHNOLOGY & SCIENCE, GWALIOR

(A Govt. Aided UGC Autonomous Institute Affiliated to RGPV Bhopal)

### ACTION TAKEN REPORT ON DECISIONS OF IQAC

The following actions have been taken:

**1: Regarding conduction of Administrative Audit once every year:**

*Administrative Audit was conducted on 22<sup>nd</sup> Feb. 2018 for following supporting departments: General Office, HR / Establishment, Security, Housekeeping / Guest House / Garden, EDC, Dispensary, Hostels.*

**2: Regarding conduction of two Academic Audits in a year (One by Internal Audit Committee & one by external experts):**

*Academic Audit by Internal Audit Committee and two external experts (Dr. Susheel Kumar, Former professor, Civil Engineering, MANIT, Bhopal & Dr. J.S. Chauhan, Director SATI, Vidisha) was conducted on 17<sup>th</sup> February 2018 on a 30-point format addressing all the important teaching-learning parameters.*

**3: On-line feedback & appreciation letter/awards to faculty members who get very good feedback:**

- *The institute has taken cognizance of the matter.*
- *On-line feedback has been collected w.e.f. July-December 2017 semester.*
- *The feedback analysis has been performed by all the departments and appropriate actions are taken wherever necessary.*
- *Mechanism for giving Appreciation letters/Awards will be developed and Appreciation letters/Awards will be given to faculty members at the end of Academic Year.*

**4: Moderation of question papers by external & internal members and Question paper setting to be based on Course Outcomes:**

- *The matter was discussed in the Academic Council Meeting on 23.09.17 and it was suggested that random moderation can be started.*
- *A committee was constituted to prepare **new guidelines to paper setters** regarding difficulty level, distribution of marks, and for setting Question Papers based on **course outcomes aligned with Revised Bloom's Taxonomy.***

- A two-day workshop was organized by the IQAC for the **departmental OBE coordinators** on “**Effective techniques of Question Paper Setting-An OBE Approach**” during 7<sup>th</sup>-8<sup>th</sup> February 2018.
- The **Question Paper setting** will be based on **course outcomes**, with effect from May-June 2018 examination.

**5: Regarding showing answer books of end-term examination to students for maintaining transparency and credibility:**

- The matter was discussed in the Academic Council Meeting on 23.09.17 and was accepted.
- The mechanism/modalities for conducting this activity will be finalized and will be brought into practice w.e.f the next academic year.
- The Institute is shortly going for digitization of answer books also.

**6: Regarding scrapping of answer book coding:**

*The suggestion was not accepted by the Academic Council of the institute.*

**7: Implementation of Flexible Academic Curriculum:**

- The Institute is committed to implement flexible curriculum from July 2018.
- A committee is working on preparing the scheme and structure for the new flexible curriculum.
- The new curriculum will be developed after workshops with representatives of stakeholders & Board of Studies Meetings and will be placed in the Academic Council for approval in April/May 2018.

**8: Implementation of on-line learning through platforms such as SWAYAM:**

- The NPTEL (National Programme on Technology Enhanced Learning) Local Chapter has been started and has become functional in the institute from 30<sup>th</sup> Oct. 2017 to provide e-learning through on line Web and Video courses.
- The institute has appointed one SWAYAM Manager and a team of SWAYAM coordinators from all departments to promote and motivate students for self learning.
- To inculcate self learning capabilities, the students of II and III year have been registered for one SWAYAM course compulsorily, in the January-May 2018 session against self-study/seminar courses.
- Detailed guidelines for conduction and internal evaluation of students have been prepared by the institute SWAYAM team.

- *Subject Matter Experts (SMEs) have been given responsibility to monitor the teaching-learning process for the SWAYAM courses.*
- *The registration process has been completed and about 85%-90% students have been registered.*

**9: Utilization of e-learning platform (MITS-MOODLE):**

- *The MITS-MOODLE is completely operational. All the 4600 plus students, faculty members and staff are registered on it.*
- *A team consisting of 34 faculty members from various departments has been constituted to coordinate the following activities at the department level:*
  - i. *On-line quiz conduction*
  - ii. *Direct/indirect assessment of course outcomes (COs), Programme outcomes (POs) and Programme Educational Objectives (PEOs).*
  - iii. *Feedback and its analysis*
  - iv. *Uploading lecture notes*
  - v. *On-line assessment of assignments*
  - vi. *Dissemination of any other academic information*
- *Between 15<sup>th</sup> to 22<sup>nd</sup> December 2018 on-line quiz using MOODLE was conducted for all I year students.*
  - i. *Feedback was taken on COs, Faculty competencies and curriculum.*
  - ii. *The quiz performance was analysed student wise, subject wise, question wise*
- *The CO attainment for July-December 17 Semester has already been computed using MOODLE.*
- *The PO & PEO attainment for academic year July17-June 18 will be computed using MOODLE after the result declaration.*
- *GET (General Enterprising Tendency) test was conducted for all the students of the Institute for identifying the students who have entrepreneurial mind set for further grooming.*

**10: Enhancement of student attendance in remedial/performance improvement classes:**

- *A team of 12 faculty members is appointed as coordinators for the Remedial Classes/ Bridge Classes to take all necessary steps at their department level to increase the effectiveness of these classes.*
- *The departmental coordinators work under the guidance of an institutional I/c for Remedial/Bridge Classes and monitor the effectiveness of the classes/attendance on*

*a weekly basis. The team is entrusted with the responsibility to identify and motivate all the backlog and less privileged students/ to attend these special classes regularly.*

- *The team will also provide necessary counselling and guidance to students and help in solving their examination related problems.*

**11: Regarding revising of honorarium for paper setting/checking/conducting practical examinations in MITS Autonomy structure**

*On the basis of recommendations of a duly constituted committee, the honorarium to external examiners for conducting practical viva-voce examination has been doubled and for evaluating UG student projects has also been substantially raised.*

*The honorarium to external and internal examiners for evaluating PG dissertations has been brought at par.*

**12: Regarding starting our own ERP system:**

*The procurement of examination server is in process. The institute ERP system will be started in parallel to the existing Information management System (IMS) first on trial basis. After ensuring that the performance is satisfactory, the institute ERP will be started.*

**13: Regarding building academic links with foreign universities/institutions:**

- *Initiatives at the Department/Faculty level are being taken. Seven proposals under Global Initiative of Academic Networks (GIAN) scheme were submitted by faculty members of the institute marking the beginning of collaboration with faculty members at foreign universities/institutes.*
- *One proposal has been sanctioned on “Sustainability in the Built Environment” in collaboration with faculty member from RMIT University, Melbourne, Australia.*

**14: Regarding inviting faculty members from IITs & GATE paper setters to address/motivate the students about cracking the GATE examination**

*Initiatives are being taken at the Department Level. Requisite measures will be taken as per the NPIU guidelines under TEQIP-III.*

**15: Regarding starting Full time Ph.D. fellowship in the institute**

*The research committee of the institute has formulated guidelines for full time Ph.D. fellowship under TEQIP-III. The implementation process will begin in March 18.*

**16: Regarding re-starting the Girls Wing of National Cadet Core**

*The matter is under consideration. It is expected that very soon the Girls wing of NCC will be restarted.*

**17: Regarding implementation of the Flexible Curriculum as per AICTE new guidelines:**

*The Scheme and Curriculum (based on AICTE guidelines for model curriculum 2018 and instructions of Rajiv Gandhi Proudyogiki Vishwavidyalay (RGPV), Bhopal was prepared by the various Board of Studies (BoS) and approved by the Academic Council in its meeting on 26<sup>th</sup> April 2018.*

*For students admitted in Academic Session 2017-18, this curriculum will be implemented from 3<sup>rd</sup> Semester onwards and for students admitted in academic session 2018-19, this will be effective from 1<sup>st</sup> semester itself.*

*The general structure of the scheme and distribution of credits in different course categories is as follows:*

**Approved Structure of Undergraduate Engineering Program**

The other salient features of the new Flexible Curriculum are:

- For the award of Under Graduate Degree (UG) in Engineering/Technology & Architecture, it is required to earn minimum 170 & 260 Credits respectively.
- Students will be eligible to get UG Degree with Honours or Minor Specialization (relating to other fields of Engineering, Technology, Applied Science, Management etc.), if they earn 20 & 24 extra credits (in addition to the compulsory credits required to obtain the B.Tech & B.Architecture degrees respectively).
- These additional credits may be acquired through SWAYAM /NPTEL/MOOC platform based learning.
- There is a provision from 5th semester onwards for the desirous students to opt for additional courses in order to earn the 20/24 additional credits required for honours or minor specialization.
- Different Tracks of Specialization will be created for the students, according to their interest & career focus, for selecting additional courses to get Honours or Minor Specialization.
- **Ethics, Environmental Science, Disaster Management, Intellectual Property Rights (IPR) and Cyber Security** are included as **Mandatory Courses (MC)** at appropriate places in the scheme.
- Two Audit Courses at second and third year on '**Biology for Engineers**' and '**Indian Constitution & Traditional Knowledge**' are introduced. It will be compulsory to acquire the specified credits in these courses by securing the minimum pass marks. However, these credits will not be counted in the aggregate credits.
- Beginning with academic year 2018-19, there will be an **Induction Programme of three (03) weeks duration** for the **First Year Students**, which will include- Physical activity, Creative Arts, Universal Human Values, Literary, Proficiency Modules, Lectures by Eminent People, Visits to local Areas, Familiarization to Department/Branch & Innovations, Foundation Courses etc. To accommodate for this activity at the beginning of the session, the credits of 1<sup>st</sup> & 2<sup>nd</sup> Semester have been kept at 21.
- One Credit' at the 8<sup>th</sup> semester is allotted for '**Innovative Technical Contribution**' to motivate, inspire and recognize student participation at National/ International level

technical events during the entire tenure of the UG programme. The detailed guidelines for evaluation will be prepared in due course of time.

- **It will be mandatory for students to undertake Three (03) Internship Programmes** as per the following details for completing the UG degree requirements.

<b>S.No.</b>	<b>Detail</b>	<b>Hours</b>	<b>Year of Internship</b>	<b>Evaluation</b>
1.	Summer Internship Project-I (Institute Level)	60 Hours	First Year	III Semester (02 Credits)
2.	Summer Internship Project-II (Soft Skills)	90 Hours	Second Year	V Semester (03 Credits)
3.	Summer Internship Project -III (On Job Training)	150 Hours	Third Year	VII Semester (02 Credits)

**18: To Review and suggest improvements for different practices to enhance employability, skill enrichment & quality of student projects along with students' participation**

- Each department has appointed a **Project Coordinator** at departmental level to identify and facilitate execution of student projects which are industry focussed/useful to society from next session onwards.
- Provision for internship in curriculum: There are three mandatory internships which will help in increasing employability and skills of students. In addition to this, student will be given the flexibility to complete all credits using MOOCS and opt for Internship for full 8<sup>th</sup> semester.
- In-house training programmes by external agency/experts for GATE and employability enhancement will be conducted from next session onwards for pre-final and final year students

**19: To review the Feedback of stakeholders on curriculum and finalization of formats for the same**

- **From students:** Feedback on curriculum has been taken by the departments before framing the Flexible Curriculum by conducting formal as well as informal meetings with students. In addition to this, curriculum feedback is being collected on-line on MOODLE.
- **From Teachers:** All the faculty members are also members of Board of Studies.

- **From employers:** Curriculum feedback is being collected by the Training & Placement Cell. A meeting of HoDs is also being conducted with the teams visiting for placement.
- **From Alumni:** Curriculum feedback is collected by the departments with the help of the T&P Cell and OBE coordinators.
- **Parents:** A parent-teacher meeting will be organized by each department once in a semester to identify parents who can contribute towards this activity and also to get a general feedback. Instructions regarding this have already been issued to the departments vide notice number DA/MP/18/639 dated 26/03/2018.

## **20: Regarding mechanism for student feedback, its analysis and corrective measures**

- As discussed in the last meeting, instructions were given to class coordinators to collect the on-line feedback from only those students who are regular in their classes.
- As instructed by the House in the last meeting, a uniform and comprehensive summary of the feedback analysis and action taken for each department has been prepared.
- A **Faculty Feedback Index (FFI)** has been computed for each faculty on a scale of 5 (five) by taking weighted average of student responses in 5 classes (Excellent, Very Good, Good, Average & Below Average) for 14 (Fourteen) criteria.
- Based on the index, areas of appreciation and areas needing improvement are identified for each faculty and the same is communicated to them by the concerned Head of the Department.

## **21: To discuss the possibility of conducting Summer Semester for backlog students**

- The matter was raised in the Academic Council Meeting on 26<sup>th</sup> April 2018 and has been raised with the Affiliating University during meeting of Directors.

## **22: Regarding examination reforms for establishing the credibility of evaluation procedures**

- **Digitization of valuation:** As per the target, partial evaluation of answer sheets in the digital mode has been started for the ongoing April-May 2018 examination, on pilot basis.
- **Displaying Model Answer Sheet:** Model answer sheet is being prepared by the faculty members on the day of the examination and it is uploaded on MOODLE on the same day, so that students can review their performance.
- **Integrated valuation:** On a pilot basis, a few M.E./M.Tech papers are being evaluated by multiple valuers in the ongoing April-May 2018 examination.

- *On-line question paper feedback: On-line question paper feedback is taken till 6.0 pm on the day of the examination to get students' opinion on the difficulty level, quality of the question paper and to know about discrepancies if any.*

**23: Regarding attainment of Course Outcomes (COs), Programme Outcomes (POs) and Programme Educational Objectives (PEOs)**

- *For the Academic Session 2017-18, the attainment of COs, POs and PEOs will be computed on-line using direct as well as indirect assessment.*
- *This task will be completed after the declaration of results for the ongoing April-May 2018 examination.*
- *The report will be presented before the House in the next meeting.*

**24: Regarding the status of Research and guidelines for improvement at various levels**

- *Norms for providing **Research Associate (RA)** fellowships with financial assistance from TEQIP-III in eligible departments have been formed and the programme will be started from Academic Session 2017-18.*
- *The All India Council of Technical Education (AICTE) has recognized the Institute as a research centre for **National Doctoral Fellowship Programme** w.e.f. Academic session 2018-19.*
- *Financial support for research project will be provided to the identified proposals submitted by faculty members w.e.f. Academic session 2018-19.*

**25: Regarding initiatives taken for Environmental Consciousness**

- *The area of MITS campus is about 45 Acres out of which 15% is built area and 20% area is covered by roads, rest of the area is green (Urban forestry, gardens and sports grounds).*
- *Practices such as E-journals, use of Whatsapp for information flow, use of IMS, students' course material in soft copies, use of emails for information transfer, both side printing on paper etc. are in use for office and departments.*
- *Following Committees (constituted & amended vide order no.2239 dated 11.08.2017, 1150 dated 24.04.2018 & 1164 dated 25/26.04.2018) are regularly performing monitoring and controlling activities to strengthen the environment friendly practices in the Institute:*
  - *Energy Audit Committee*
  - *Water/Waste water Audit/Solid waste management Committee*
  - *Health Audit Committee*
  - *Inbuilt Environment/Campus/Air Quality/Transport Audit/Green Audit Committee*
  - *Good Practices Implementations Committee*

*The corrective measures and new initiatives based on quarterly audit reports are being taken in a timely manner.*

**Based on the audit recommendations procurement is under process for the following:**

- Sewage Treatment Plant (STP) for converting black water into grey water
- Compost making machine

**26: Regarding conducting Inspirational lectures by well known personalities**

*The departments have been instructed to conduct this activity in the next Academic Year.*

**27: Regarding fund creation for financial support to meritorious students from economically weaker sections of the society**

- *A faculty coordinator has been appointed to coordinate activities and to create a fund for partially supporting deserving, meritorious students belonging to economically weaker sections of society. For generating fund for this efforts will be made to get assistance through (i) The fund allocated to leading public sector companies under their Corporate Social Responsibility (CSR) (ii) The Alumni (iii) Social contributions/donations etc.*

**28: Regarding alumni engagements and enhancement of alumni interaction**

- *An Alumni Coordinator has been appointed in each Department to strengthen the alumni interaction and to build an independent alumni network for the benefit of the students.*
- *Efforts will be made from the next semester to create a database of alumni in the department and to conduct departmental alumni meets to facilitate interaction between the present students and the alumni.*

**29: Enhancing collaboration with other institutions/organizations:**

- *Abhigyan Abhikaushalam Students' Forum (AASF) in collaboration with ABV-IIITM has been started (MoU signed) for collaborating and conducting inter-institute events as well as knowledge sharing among students from different colleges.*
- *The Institute has entered into a collaboration with PDPM Indian Institute of Information Technology Design & Manufacturing (IIITDM), Jabalpur under the Electronics & ICT Academy (an initiative of Ministry of Electronics and Information Technology, Govt. of India) for conducting Joint Faculty Development Programmes.*

*As a consequence, Institute will be recognized as Nodal (Remote) Center of Electronics & ICT Academy PDPM IIITDM Jabalpur. This collaboration will explore new dimensions for the faculty and research scholars of the institute and of the entire region. Under the said collaboration, different training programmes/courses relating to emerging interdisciplinary trends/areas will be organized.*

*In the near future, it is proposed to organize following summer programmes*

- *ANN and Deep Learning (11-15 June 2018)*
- *Internet of Things (IoT) (18-22 June 2018)*

- *The Institute has become a partner under the initiative Called “Making Deep Learning and AI skills mainstream in India by Royal Academy of Engineering, UK” to fulfil trilateral needs of entrepreneurship, Industry-Academia partnership and application-inspired Engineering Research”.*

*As a Partner, Faculty members and students of MITS Gwalior will be trained on the aspects relating to AI and deep learning technologies with the opportunity to work at **Supercomputing lab of Bennett University**.*

*Moreover, students will be offered internship opportunity based on selection criteria.*

### **30: Regarding student attendance and effectiveness of remedial/performance improvement classes:**

- *The faculty In-charge for Remedial & Bridge Classes and a team of departmental coordinators were appointed for increasing the effectiveness of this activity.*
- *The team has been able to motivate a few students to attend a few classes.*
- *The overall percentage of students who attended these classes is about 26% which is expected to improve in the next semester.*

# Alumni Satisfaction Survey 2018

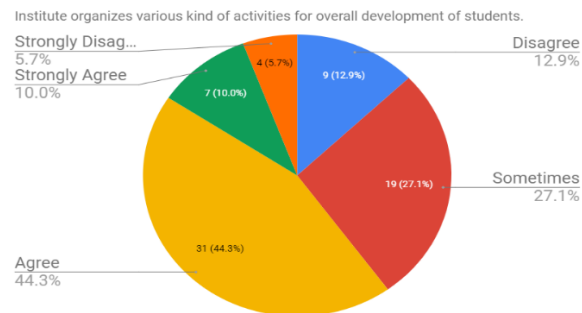

Sample Size: 70

Alumni Feedback is being collected from students who have graduated between 2002 to 2016. A mix of alumni from all branches, working in Private Sector/ Government Sector/ and other Interdisciplinary areas from all over India is selected. A total of 70 responses on 10 general parameters, as shown below on the scale of 5 to 1 (Strongly Disagree to Strongly Agree) has been selected for analysis:

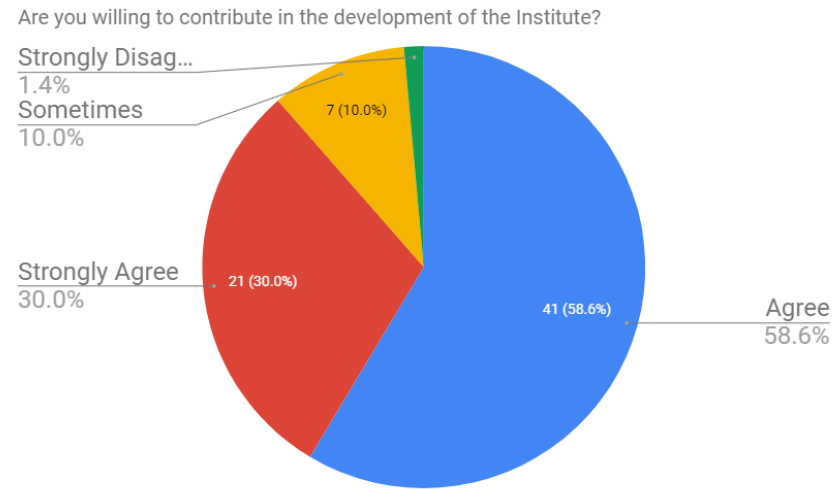

1. Do you feel proud to be known as an MITS Alumnus?

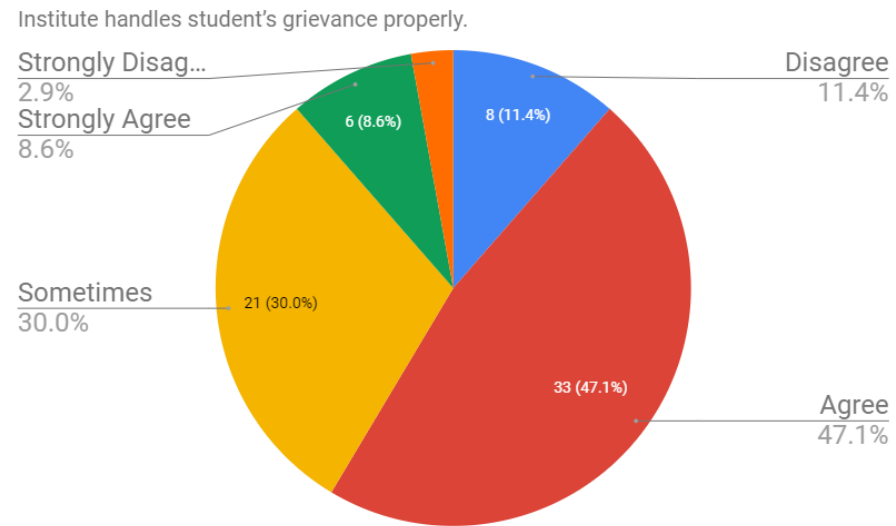

2. Institute organizes various kinds of activities for the overall development of students.

3. Are you willing to contribute in the development of the Institute?

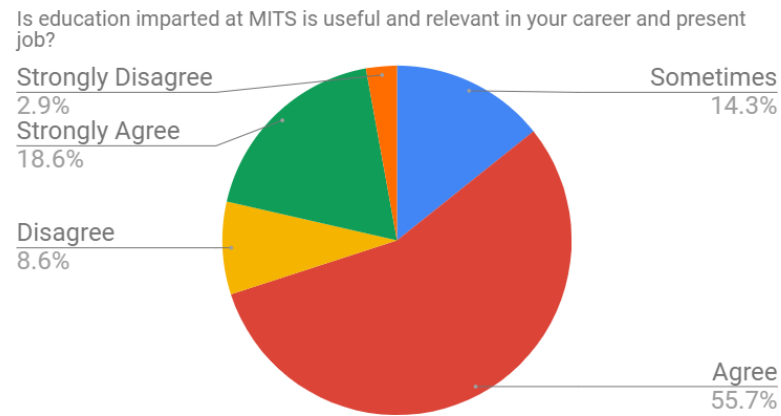

4. Institute handles student's grievances properly.

5. Institute has adequate laboratories and equipment for practical exposure to students.

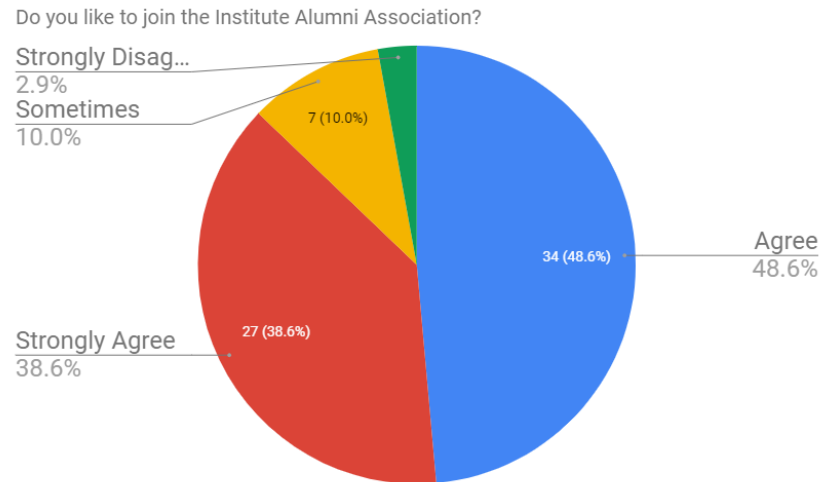

6. The education imparted at MITS is useful and relevant in your career and present job.

7. Have you obtained sufficient technical knowledge (both in theory and practical) at MITS?

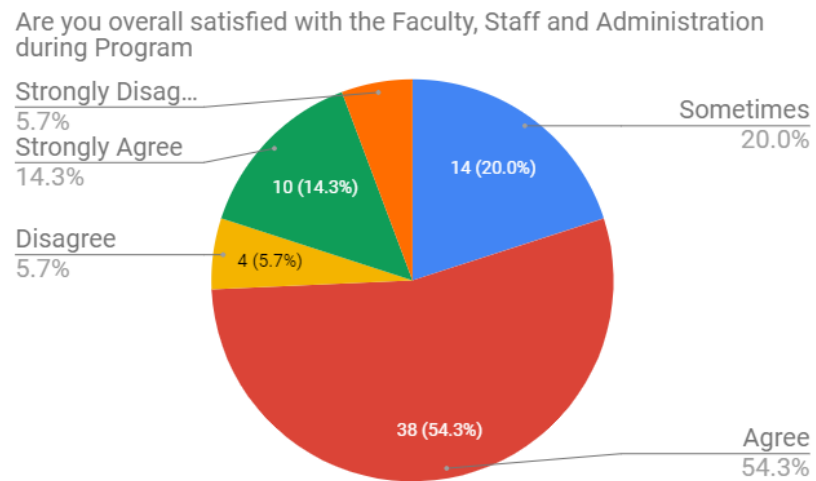

8. Do you like to join the Institute Alumni Association?

9. Would you like to receive regular updates from the Institute through Mails/Calls/SMS?

10. Overall are you satisfied with the Faculty, Staff and Administration during Program

### Summary of Alumni Suggestion for improvement

S. No.	Suggestion	Corrective Actions
1.	Need to update the laboratory as per new technology available in market so hat	<ul style="list-style-type: none"> <li>Laboratory modernization is in process</li> <li>Departments have been issued instructions to allot Industry Focused Projects with co-guides from industry (if possible)</li> </ul>

	<p>students have sufficient knowledge after graduating from the institute.</p> <p>Students strongly feel that there is a need to have more focus on Practical exposure.</p> <p>Conduct more field trips to nearby industries</p> <p>Small project on real scenario should be part of curriculum</p> <p>Project component must be added as the final evaluation of all the courses</p> <p>Allow students to go for internships, don't block them in name of attendance. In today's time most of the internships get converted to full time very easily.</p> <p>More industrial case studies, visits and counselling will help student plan their career in the field itself</p>	<ul style="list-style-type: none"> <li>• MoUs to be signed with industries to enhance interaction</li> <li>• Field trips and industry visits are mandatory; arranged by all departments</li> <li>• Experts from Industry are invited for lectures and interaction</li> <li>• Internships are mandatory; provision for internship for full term in VIII semester</li> <li>• Career counselling sessions are conducted on a routine basis</li> </ul>
2.	Need to update curriculum from time to time	<ul style="list-style-type: none"> <li>• Syllabi is being updated regularly</li> <li>• Flexible curriculum has been implemented</li> <li>• SWAYAM/NPTEL courses are being conducted mandatorily at II and III year levels, to familiarize students with on-line courses.</li> <li>• Value added courses are launched to increase student skills and employability options</li> </ul>

3.	More elective courses should be offered. . All the permanent faculty is Post graduate I guess, so they can offer courses in the area of their specialization	In the Flexible curriculum that is implemented w.e.f batch admitted in academic session July 2017 there is a ratio of core/departmental/open electives in percentage is 30:12:9.
4.	More faculty members need to be hired to reduce the load on faculty	<ul style="list-style-type: none"> <li>• Full-time Faculty from NPIU and contract faculty available in all departments to support regular faculty.</li> <li>• Recruitment of permanent faculty is also in process.</li> </ul>
5.	Encourage students to participate in competitive programming.  Institute should provide more exposure to students for their all round development	<ul style="list-style-type: none"> <li>• There are 07 professional society chapters and more than 30 active clubs in the institute.</li> <li>• Many such events are routinely organized by the professional society chapters and student clubs.</li> <li>• Many students also go to other institutes for participating in events.</li> <li>• At the final year level one credit has been assigned to Innovative Technical Contribution to encourage student participation in such events</li> </ul>
6.	There should be a research and innovation lab in every department.	Innovations are supported by the institute when proper proposals are received.
7.	Development of entrepreneurial cell and guidance to students for better career growth. Involvement in curriculum activities will also make a huge difference.	Start-up cell has started functioning in the Institute  Student feedback is taken before the Board of Studies meeting
8.	Library should be open for 24*7.	Timings are increased whenever there is a higher demand for library

# Employer Satisfaction Survey Report

Sample Size: 25

Employer feedback is collected on a routine basis, whenever company executives come for recruitment and also after the campus placement process is over.

The following feedback was received from the 25 companies listed below on the performance of our students a few years after joining their organization.

Delhi International Airport Ltd	Zensar Technologies Pvt. Ltd.	The Indian Hume Pipe Co. Ltd.
GPC Sheopur	Gartner	Grasim Industries limited Unit-Indian
Persistent Systems Ltd.	MPWater Resource Development	Dilip Buildcon Limited Bhopal

Name of author(s)	Title of paper	Name of Journal/ Conference	Volume	Pages	Place (for conferences)	Month/Year of publication
<b>Civil Engineering</b>						
Jitendra Singh, Prof. Sanjay Tiwari, Prof. Gautam Bhadoriya	Discrete Time Cost Trade-Off for Multi Mode Problems in CPM	Journal of Civil and Construction Engineering (MAT Journals)	Volume 2 Issue 2	1-9	--	2016
Jitendra Singh, Prof. Sanjay Tiwari, Prof. Gautam Bhadoriya	Time Cost Trade-Off Analysis using IP Formulations	Journal of Civil and Construction Engineering (MAT Journals)	Volume 2 Issue 2	1-8	--	2016
Vinay Tyagi, Prof. Gautam Bhadoriya	Evaluation of Strength properties of Mortar Containing Waste glass	IJRASET Journal (ISSN: 2321-9653 )	Volume 4 Issue x	--	--	Oct. 2016.
Rajeev Pandey, Prof. Deepak Rastogi	Impact of Corrosion of Reinforcement in Precast Concrete Construction	International Research Journal of Engineering and Technology (IRJET)	Volume-3 issue 8	--	--	August 2016
Shyamveer singh chauhan, Prof. Deepak Rastogi	Utilization of Municipal Solid Waste of Gwalior City for Energy Generation (A Case Study )	International Research Journal of Engineering and Technology (IRJET)	Volume 3, Issue 7	--	--	July 2016
Vipul Mudgal, A. Tiwari	Experimental Investigation of Properties of Fresh and Hardened Concrete Containing Waste Plastic ”	International Journal of Science and Research (IJSR) ISSN Online : 2319-7064	Vol.5, Issue 8,	--	--	August 2016
Gaurav Shrivastava, A. Tiwari	Investigation of Properties of Fresh and Hardened Concrete Containing Waste Glass Powder as Partial Replacement of Cement	International Journal of Science and Research (IJSR)	Vol.5	--	--	7 <sup>th</sup> July, 2016
Akash Gupta, A. Tiwari	Effect on Mechanical Properties of Paver Block consist Crusher Stone Dust as Fine Aggregate with Inclusion on Steel Fibre	International Journal for Research in Applied Science & Engineering Technology (IJRASET)	Vol.4, Issue X	529-535	--	October 2016
Deepti Singh, R Kansal	Analysis of Fresh and Hardened Properties of M35 Concrete Mix Using Burned Engine Oil as an Admixture	International Journal of Science Technology & Engineering (IJSTE)	Vol.3, issue: 01	459-564	--	July 2016
Raghvendra Jadon, R Kansal	Experimental Study of Bituminous Concrete Mix by using Waste Plastic	International Journal of Science Technology & Engineering (IJSTE)	Vol.3, issue: 01	482-487	--	July 2016
Krati Gahoi, R Kansal	Effect of Waste Glass Powder on Properties on Concrete: A Literature Review	International Journal of Science and Research (IJSR) ,	Vol.5, issue: 08	1329 to 1333	--	August 2016.
Krati Gahoi, R Kansal	Waste Glass Powder As a Partial Replacement of PPC	International Journal of Advanced and innovative Research	Vol.5, issue: 08,	1414 to 1418	--	August 2016

Manish Dubey, A.K. Saxena	Assessment of Water Quality Index of Saank River, Morena, Madhya Pradesh	International Journal of Science, Engineering and Technology Research (IJSETR),	Vol.5, issue: 08.	2563-2567	--	August 2016
Manish Dubey, A.K. Saxena	Quality Characterization of Groundwater using Water Quality Index in Gwalior City, Madhya Pradesh, India	International Journal of Science, Engineering and Technology Research (IJSETR)	Vol.5, issue: 08	2578-2584	--	August 2016
Sandhya Parihar & M. K. Trivedi	A review paper on traffic signal control based on fuzzy set theory	IJSART	Vol 2, issue 11	243-250	--	2016
Gyaneshwar singh Uchariya & M. K. Trivedi	A study on wood ash, alternative martial of stabilizing clay soil	IJSRD	Vol 4 issue 5	1116-1119	--	2016
Bhanu Pratap Singh Sikarwar & M. K. Trivedi	Stabilization of Clayey Soil by Using Gypsum and Calcium Chloride	International Journal for Research in Applied Science and Engineering Technology, Impact factor- 5.969 (IJRASET) ISSN: 2321-9653	Vol. 5, issue V	477-481	--	May 2017
Neha Pundir & M. K. Trivedi	Improvement of Pavement Soil Sub grade by Using Burnt Brick Dust	Impact factor- 5.969 (IJRASET) ISSN: 2321-9653	Vol. 5, issue V	218	--	May 2017
D. Rastogi & Sourabh Pathak	Case study of Cracks in Public Buildings and their Remedies	, International Journal of Science & Research, (e- ISSN: 2319-7064 )	Vol. 6, issue – 5	--	--	May 2017
Vijayendra Singh Dangi, Prof. Aditya Kumar Agarwal	Current Practices of Solid Waste Management in MITS Campus, Gwalior: A Case Study	International Journal for Research in Applied Science and Engineering Technology (IJRASET)	Volume 5, Issue V ISSN : 2321-9653	--	--	May 2017
Neha Pundir & M. K. Trivedi	Improvement of Pavement Soil Sub grade by Using Burnt Brick Dust & Scrap Tyre Rubber	International Journal for Scientific Research & Development, Impact factor- 4.396 (IJSRD), ISSN: 2321-0613	Vol. 5, issue 03,	858-860	--	2017
A. Tiwari, A.Singh	Effect of Zinc Oxide Nanoparticle on Compressive Strength and Durability of Cement Mortar	International Journal for Research in Applied Science & Engineering Technology,(e-ISSN:2321-9653),	Vol.5 Issue VII	--	--	July-2017
Tarun Jain, Prof. Archana Tiwari	Light Weight Bricks Using Waste EPS Beads	International Journal for Research in Applied Science and Engineering Technology (IJRASET)	Volume 5, Issue VI	--	--	June 2017
Abhishek Joshi, Deepak Rastogi	Traffic Noise Pollution studies of Gwalior, (M.P.)	IJRASET, ISSN: 2321-9653; IC Value:45.98; SJ Impact Factor;6.887	Volume 5 Issue VI	367	--	June 2017
Lalit Singh ,M.K. Trivedi,	Appropriate Contractor Evaluation Techniques in Construction Industry Based on Multicriteria Decisions	IJESC	Volume 7, Issue-5	11392	--	June-2017

D. Rastogi & M.A. Khan	Performance Evaluation of Water Treatment plant at Motijheel, Gwalior	International Journal for Research in Applied Science & Engineering Technology , (e- ISSN: 2321-9653 ),	Vol. 5, issue –VI	--	--	June 2017
Sarvesh K. Jain, Sanjay Tiwari, Ayush Dixit and Chandra Kant Sharma	Estimation of Fundamental Time Periods of Elevated Reservoirs	Journal of The Institution of Engineers (India): Series A	Vol. 98 issue(3):	257–265	--	September 2017
Riya Govil, Aditya Kumar Agarwal	Performance Evaluation of Effluent Treatment Plant of Dairy Industry in Gwalior (M.P.)	International Journal for Research in Applied Science and Engineering Technology (IJRASET)	Volume 5, Issue VI	--	--	June 2017
Rajveer Singh Dhakar, Rajeev Kansal	Effect of Replacement of Natural Aggregates by Recycled Aggregates Used In Concrete	IJRASET, ISSN: 2321-9653; IC Value:45.98; SJ Impact Factor;6.887	Volume 5 Issue IX	497	--	September 2017
Deepak Kumar Diwakar, Rajeev Kansal	Techno Economical Analysis for Sand Stone Chips as a Coarse Aggregate in Concrete	IJRASET, ISSN: 2321-9653; IC Value:45.98; SJ Impact Factor;6.887	Volume 5 Issue IX,	485	--	September 2017
Shiv Kumar Ahirwar, Rajeev Kansal	Strength Analysis of Concrete by Using Plastic Waste’	IJRASET, ISSN: 2321-9653; IC Value:45.98; SJ Impact Factor;6.887	Volume 5 Issue IX,	566	--	September 2017
Sanjay Tiwari & Pradeep Bhargava	Load Distribution Factors for Composite Multicell Box Girder Bridge	Journal of The Institution of Engineers (India): Series A	Volume 98, Issue 4	483–492	--	December 2017
Amit Sahu, Archana Tiwari	Aerated Concrete Blocks Using Polypropylene Fibre	IJRASET, ISSN: 2321-9653; IC Value:45.98; SJ Impact Factor;6.887	Volume 5 Issue XII,	1516	--	September 2017
Sandhya Parihar & M. K. Trivedi	Determination of most favourable signal timings at Intersections using fuzzy logic methods	IJSART	Vol 3, issue 10	--	--	2017
Rahul Singh Dhakad & dr. M. K. Trivedi	Study of enhancement of strength of clayey soil stabilized with Acrylic polymer	IJSRD	Vol 6, issue 02	3272-3276	--	2018

## BEST PRACTICE -1

### 1. **Title: On-line Student Feedback Collection and Analysis Using Faculty Feedback Index**

2. **Objectives of the practice:** Though the academic system is making a transition from teacher-centric to learner-centric environment, the class room interaction with the teacher is still one of the most important factors in shaping the student careers. To become a successful engineer, a student requires core knowledge, skills & aptitude and attitude plus ethical values. Good teachers naturally inculcate these three attributes in their students and thus play a key role in creating a strong base for their future development and growth. Some teachers are gifted with good teaching abilities while some do not possess these qualities, inherently. .

The idea behind developing the faculty feedback model was to appreciate the faculty members for their plus points and to inspire them to improve their performance in areas where there is need and scope for improvement, for increasing the efficiency and effectiveness of the teaching-learning process.

3. **The Context:** Before this practice was started in July 2017, feedback was collected on paper forms. Though it was optional to mention the name, students used to be apprehensive that somehow the teachers will find out about their responses; as a teacher would always be present in the class during this process. Also, their attention was diverted due to the presence of other students in the class. As a result, they were hesitant in expressing their true observations and experiences. The students were not taking interest in this activity; rather they were giving arbitrary responses in feedback which were not able to present the true picture. The data was handled manually by the class coordinators so analysis was also tedious, unreliable and non-conclusive.

Therefore, the feedback collection process at the institute had become a ritual rather than a practice. There was a lot of wastage of paper too. Hence, an on-line mechanism was established to give an unbiased feedback in numeric values to improve the teaching-learning practices.

### 4. **The Practice:**

- In each semester, based on 14 parameters two mid-term on-line feedbacks are collected. The parameters are listed in Table I below.
- All 14-attributes are rated by the students on a scale of 1 to 5, where 1 point is for 'below average' rating, 2 points for 'average', 3 for 'Good', 4 for 'Very Good' and 5 points for 'Excellent'.

- Students fill a separate form for each course/faculty on-line. Additional space is provided for general comments.
- Faculty coordinators for feedback collection, send the link for the on-line form, to all the students who meet the attendance and regularity criteria.
- The form is created in GOOGLE docs, it cannot be modified or tampered and is anonymous; the student identity is not disclosed, and the master data of student responses is not provided to faculty. The data is loaded on MS Excel for further analysis.
- Based on the number of student responses, the Faculty Feedback Index (FFI) is calculated for each attribute using the following relation:

$$FFI = [(A \times 5) + (B \times 4) + (C \times 3) + (D \times 2) + (E \times 1)] / (A + B + C + D + E)$$

[Where A: Number of students who have rated the performance attribute as excellent; B: Number of students who have rated the performance as very good; C: Number of students who have rated the teacher performance for the concerned attribute as Good; D: Number of students who have rated]

- A sample of computation of FFI is shown in Table I below. The FFI reflects the faculty performance for each attribute on a scale of 5. Based on the FFI values, attributes of appreciation/needing improvement are identified based on the pointers (using the conditional formatting option in MS Excel) as shown in the Table.
- The feedback analysis and report is shown to the concerned faculty member by the Head of the Department. If average index is less than 2.5 it is considered serious and the HoD asks the faculty to improve and strictly monitors performance in future.
- The final consolidated report for all faculty members is sent to the Director for information.
- This practice is purely for the purpose of quality improvement (not for punitive purposes). This is clearly mentioned on the feedback form and also communicated to all concerned.
- The performance of faculty members is being compared with their own mean performance, and not with other faculty members. Each teacher possesses unique attributes and it would not be fare to demoralize anybody by comparing them with others. But at the same time, this system motivates them to improve themselves in their weak areas.
- Another important feature in this model is that even if the FFI is the lowest for a faculty, some of his/her qualities still receive appreciation and hence encouragement for further improvement.

**5. Evidence of Success:** The following improvements have been noticed since the on-line feedback practice has been started:

- a. The students are able to access the feedback form during the allotted time from anywhere, their homes, library or even mobiles etc. They are thus not disturbed/influenced by their surroundings and are able to give sincere feedback.

- b. The on-line feedback is easily analysed using computers. Manual intervention is very limited. It is more informative; graphs/charts can also be generated very easily to convey more meaning.

- c. The on-line feedback system is more authentic, is found to match with the general perception about the teacher. No manipulation is possible and lesser time is required for analysis.
- d. The areas of appreciation/concern are being identified very easily by the on-line system.

- e. The faculty members have become very serious about their classes and are trying to give their best. The practice has generated a healthy completion among the faculty members. They are quite excited to see their performance ratings in numeric values.
- f. It has helped the administration immensely too as timely corrective measures, (warning/monitoring/observing) are taken if the performance indicator for an attribute is found to be lower than 2.5 for a faculty member.
- g. The student community is the happiest with this practice as it gives them a power to express their feelings and opinion, anonymously and fearlessly, in their own time and place, with privacy and sincerity.
- h. The students get a sense of importance which also reflects in their attitude in class; they have become more sincere and observant.

**6. Problems Encountered and Resources Required:**

- a. The practice does not require any additional infrastructure as the institute already has good wi-fi, internet facility and computational facilities.
- b. Presently, the feedback form has been generated in Google docs/Forms but institute also has its own functional MOODLE which is used for other on-line feedbacks.
- c. Initially, the teachers were a bit apprehensive and reluctant but once they were ensured that this activity is not for punitive purposes, they cooperated in disseminating information about this practice.
- d. An orientation programme was conducted to apprise students about the importance of an honest feedback in quality improvement of the teaching-learning process.
- e. In the new feedback mechanism, the performance of faculty members is being compared with their own mean performance (feedback index), to identify the strong and weak areas in their course delivery.

## BEST PRACTICE-2

### 1. **Title: Self-Learning Model Developed Using SWAYAM/NPTEL platform**

### 2. **Objectives of the practice:**

Self learning is one of the most important qualities that a student needs to have for a successful career, particularly in the present fast changing technological world. To inculcate self learning capabilities in students and to make them familiar with the mechanism of on-line courses, the institute developed an innovative model to improve the teaching-learning of the student centric courses available in the curriculum such as self study, seminar, group discussion etc. The objective was to develop confidence in the students, encourage interactive group learning, generate team spirit, improve communication and presentation skills and at the same time equip them with latest knowledge available in the discipline.

### 3. **The Context:**

Since the last few years, there is a complete paradigm shift in education, from the traditional teacher centric system to learner centric one. The ownership of education is with students now and the role of teacher has become that of a facilitator. Mentorship and interaction with students are now more important than the actual content delivery. The focus is on what is '*learned*' rather than on what is '*taught*'. In this environment, it was vital that a more active role be assigned to the students to make them independent and active learners. The All India Council of Technical Education (AICTE) had already made it a mandate and approved credit transfer through Massive Open Online Courses (MOOCs). However, the affiliating technical university of the institute had yet to come out with a policy. Therefore, our institute developed its own guidelines for running the on-line courses through SWAYAM/NPTEL for the self study courses which are internally evaluated. The idea was to induct our students into the on-line learning courses at the earliest, so that they can derive the benefits as early as possible.

### 4. **The Practice:**

- In September 2017, the Academic Council of the institute, decided to introduce self-learning culture, for preparing and strengthening students to survive in the technologically advancing world and to meet future challenges successfully.
- It was decided that from the academic session beginning January, 2018 the SWAYAM/NPTEL courses should be compulsory for II & III year students.

- The idea was to prepare our students for MOOCs in advance so that by the time the modalities of the credit transfer (from MOOCs) policy are decided and implemented, our students are ready to take the best advantage of these courses for acquiring credits from on-line courses of their choice.
- It was decided that till the guidelines for credit transfer through MOOCs are issues, the SWAYAM/NPTEL courses will be run against the self learning courses which are internally evaluated.
- Local Chapter of NPTEL was started in October 2017 in association with IIT BOMBAY for promoting e-learning through on line Web and Video courses.
- For the effective conduction of these courses the institute appointed SWAYAM coordinators from each department and to monitor at institute level, the single point of contact (SPOC) was appointed as SWAYAM manager.
- After discussion with students and faculty members, the above team (called as the SWAYAM team) identified and finalized suitable courses, from the list available at NPTEL portal for the January-June 2018 session.
- The SWAYAM team motivated and registered students and faculty for the selected NPTEL courses; then suitable faculty members were appointed as subject matter experts (SMEs) for conducting these courses.
- **A total of 2019 students and 60 faculty members (SMEs) were registered for 25 courses in 11 departments, during January-June 2018 session.**
- Each section was divided into 10-12 study groups for the session. Every week, one group was assigned the task to give a presentation on ‘what was delivered during the week in their on-line course’.
- The rest of the students asked questions during these interactive sessions, in the presence of the concerned SME. Sometimes recorded portions of the NPTEL lectures were also shown in the class for discussion and clarification.
- Assignments were also dealt with in this same manner. The SME, who was also registered for the same course, helped the students whenever they were stuck somewhere.
- Two credits each were allotted to these self study courses. Attendance was compulsory and students were asked to come prepared in the class for interacting with the presenting group.

➤ **The following evaluation guidelines were made:**

- Continuous evaluation by the SME(s) of the course through (Seminar/Presentation/Discussions) weekly (Example: if there are 12 working weeks then 12 student groups were formed for evaluation through presentation) (Weightage: 40%)
- Evaluation through one Midterm Exam (Weightage: 20%)
- One Quiz through Institute MOODLE (Weightage: 20%)
- Monitoring and record of attendance (Weightage: 20%)

## 5. Evidence of Success

- The initiative proved very successful. Most of the students developed an instant interest in this model of learning. They were also excited that they were being taught by renowned professors of IITs & NITs. They enjoyed the free learning experience and reversal of role, presenting the course to the class on their turn while the teacher (SME) was sitting and listening. The class was fun and students learned in a light and relaxed atmosphere.
- The mid-term and final evaluation (internal) for the courses was done by the SMEs according to the above guidelines. Though there was no compulsion, many students also opted and registered for the paid on-line examination conducted by NPTEL as they wanted to know their position at the all India level.
- Total 25 courses were run by 11 different departments. Performance Summary is given below for Academic year 2017-18.
- On the basis of these results **The MITS Chapter ranked among top 100 NPTEL local Chapters of the country (87<sup>th</sup> in 1242 active NPTEL Local Chapters).**
- A total of 03 faculty SMEs were awarded as the top mentors for NPTEL Online Courses as their students ranked among the top 1% of students.
- A total of 08 faculty SMEs were awarded as the best mentors for NPTEL Online Courses as 100% of their students passed the examination.

Total number of students enrolled/registered in MITS	2019
Total number of faculty/SME's registered for NPTEL courses	60
Number of students who filled NPTEL exam registration form	138
Number of students appeared in Exam	130
No of students qualified	119 (92%)
Students who qualified as Elite + Gold Medal (score of 90% and above)	03
Students who qualified as Elite (score between 60% -89%)	80
Students who successfully completed the course (score between 40% -59%)	36

## 6. Problems Encountered and Resources Required:150

- As was expected, there was some resistance from faculty as well as students for registering in NPTEL courses. Some students felt that an additional burden was being put on them.
- Finalizing the list of courses to be run also required a lot of effort as the expertise available at the institute was to be mapped with the available courses on the portal first and then with diverse student interests.
- Another problem was that the students and faculty were tuned to the traditional model of teaching-learning where students are passive listeners most of the time. Therefore, students were reluctant at first to study from the NPTEL lectures on their own and then deliver/present it in class. Later, however they were quite happy with the ‘learn at your own place, at your own time, at your own pace’ model of NPTEL. Faculty SMEs also realized the importance of the interactive model as they too got to learn many things from the students during the class.
- Motivating the students to register for the final on-line test where there was a Rs. 1000 fee was difficult as our institute is a government aided institute having students from all sections of the society, admitted according to the state government norms; some of them were not in a position to pay the additional (Other than Institute fees) fee for appearing in the on-line examination. This acted as a deterrent for appearing in examination. When this was realized, the institute declared that the registration fee will be reimbursed to the students who successfully pass the on-line test.
