## Report on

### “Commemorative Day: National Technology Day”

Madhav Institute of Technology & Science, Gwalior has organized a quiz to commemorate on “**National Technology Day**,” May 11th, 2023 in association with Institution’s Innovation Council (IIC) and ASIMOV Robotics Club with the co-ordination of Dr. Karuna Markam.

#### Objective of Quiz:

The National Technology Day is celebrated as an achievement of India's technical advances, since on May 11, 1998, the Country successfully tested nuclear weapons in Pokhran, Rajasthan. The day commemorates the achievements of engineers and scientists in the field of science and technology. The Quiz was held for commencement of National Technology Day.

#### Line of Action:

The quiz started at sharp 6pm. In this quiz, students from different branches had participated enthusiastically. The exciting quiz was held for 2 hour. The questions of the Quiz made us aware about the fact that on 11 May 1998, the First indigenous aircraft "Hansa-3" was test flown at Bangalore. India performed a successful test firing of the "Trishul missile" on the same day. At that time very few countries have nuclear power and India had become one of those elite players and became the sixth country to join the nuclear club. Also "Operation Shakti" (Pokhran-II) on 11 May,1998 was initiated. Every year, on this day, the Technology Development Board of India awards various individuals with national awards for their contribution to indigenous technology. Therefore, we can say that this day glorifies the importance of science in day-to-day life and motivates us to adopt science as a field of career.

Therefore, it is necessary to create interest and awareness about science and technology to the students. No doubt National Technology Day is a great way to encourage the youth of the country to come forward and also is the way to appreciate the scientists, researchers for India's growing technology.
