Subject: Yoga session under Fit India Campaign on 18.10.19

Ref.: DTE S.No./05/K1/2019/1115 dated 25/09/2019

Holistic Health Club is organizing a Yoga session under Fit India Campaign on 18.10.2019 from 05:00-06:00 pm for Student, Faculty & Staff of MITS by the professional yoga instructor Mr.Pradeep Jain. The program was taken place in the Student Activity Centre

More than 130 students from the first year to final year and faculties with our two Art of Living volunteers were present. The main motive behind the Yoga session is to cure mental health and for more focused mind-set doing. The various Aasan and Prayer have conducted for the students to enhance the energy level and increase the mental ability. By doing this most of the students felt detox, free soul and relax. They all had a very wonderful experience. This event was conducted under the guidance of Prof. Vishal Chaudhary.

Report of Two Days Online National Workshop on Robotics and Control

(16-17 May, 2020)

Department of Electronics Engineering organized a Two Days Online National Workshop on Robotics and Control on 16-17 May, 2020. The program was conducted over zoom platform. The workshop was aimed to provide awareness and a deep understanding of Robotics and Control with some hands-on experience. The objective of the workshop was to help academicians, researchers to provide training on current popular job roles to the student to empower them with essential skills that prepare them for present and future jobs in a phased manner. The workshop was planned to impart knowledge about design and analysis of the basic industrial robots. The workshop started with a keynote from Dr. Laxmi Shrivastava, Head of the department, Electronics Engineering. She explains the needs of Robotics in current real life and its requirement in job opportunities. Dr. Rahul Dubey, Prof Rishabh Shukla, Prof Awadhesh Gupta, Prof Rakesh Naik, Dr Vikas Mahor delivered an expert lecture in this workshop. All these experts are from Department of Electronics Engineering, MITS, and Gwalior. Hands on session were conducted on RoboAnalyzer software. Total 56 participants across the country participated in this workshop. Out of these 56 participants 38 participants was out of the parent institute. The warm response from the participants received in the form of feedback. Dr. Rahul Dubey, Prof Rishabh Shukla coordinated the workshop. Dr. Laxmi Shrivastava, Head of the department along with all the faculties of the congratulated the Team of this workshop for successful conduction.

T&P Cell is planning to conduct Industry Specific Expert Lectures on Risk Management and Quality Standards (OHSAS) during or after COVID-19 for all different branches and Industry under TEQIP-III on Weekends (Sat & Sun)

Lectures will be taken by **Mr. N. J. Ajay, Co-Founder & Training Director and his team at ENA Business Excellence Solutions LLP**, specifically for all different branches.

Greetings from ENA Business Excellence Solutions LLP !!!!!

You're invited to join a Microsoft Teams meeting

Title: Risk Management for Occupational Health & Safety Pre and Post COVID-19

Join the meeting on your computer or mobile app

Introduction to Webinar

ABSTRACT - Methods to digitize and reconstruct the shapes of complex three-dimensional (3-D) real world objects have evolved rapidly due to much attention from many industrial and research groups. 3-D reconstruction or modeling is the process of generating a three-dimensional representation of an object or scene from the observations at lower dimensions. Multiple observations at lower dimension are combined together to generate complete 3-D view. 3-D reconstruction of an object usually takes place in three main steps. These are data acquisition, registration and integration.

Applications of 3-D shape reconstruction are wide-ranging such as Reverse engineering, Inspection, Entertainment, Medicine, Home shopping etc. Familiarization with this emerging field will help the faculties and students to do research in various domains of 3D modeling.

3-D SURFACE RECONSTRUCTION

Steps to conduct a Webinar

1. Do all formalities like talk to expert, decide topic, date etc.
2. Prepare a proposal for the webinar.
3. Take the permission from concern authority.
4. Send invitation letter to expert.
5. Prepare event registration form, Quiz questions and feedback form.
6. Circulate in the WhatsApp groups or through email with the motivational message and benefits of an event.
7. Finalize the list of participants.
8. Generate the google meets or other online mode of conduction link.
9. Share the link to expert and participants.
10. Monitor the entire activity of the webinar/event.
11. Take the Quiz and feedback from the participants.
12. Publish the final list of participants who has successfully completed the activity.
13. Generate the Certificate for both expert and the participants.
14. Send the certificate to the participants and expert through email.
15. Remuneration Bill of Expert.
16. Submit the report.

Brief Bio sketch of expert

Dr. Umesh Chandra Pati obtained his B.Tech. degree in Electrical Engineering from National Institute of Technology (NIT), Rourkela, Odisha. He received both M.Tech. and Ph.D. degrees in Electrical Engineering with specialization in Instrumentation and Image Processing respectively from Indian Institute of Technology (IIT), Kharagpur. Presently, he is serving as a full Professor in the Department of Electronics and Communication Engineering, National Institute of Technology, Rourkela. He is also serving as Head, Training and Placement Center, NIT Rourkela at present.

His current areas of interest are Image/Video Processing, Computer Vision, Artificial Intelligence, Internet of Things (IoT), Industrial Automation, and Instrumentation Systems. He has authored/edited two books and published over 100 articles in the peer-reviewed international journals as well as conference proceedings. He has served as reviewer in a wide range of reputed international journals and conferences. He has also guest-edited special issues of Cognitive Neurodynamics and International Journal of Signal and Imaging System Engineering. Dr. Pati has filed 2 Indian patents. Besides other sponsored projects, he is currently associated with an high-value IMPRINT project “Intelligent Surveillance Data Retriever (ISDR) for Smart City Applications” which is an initiative of Ministry of Education (formerly the Ministry of Human Resource Development) and Ministry of Housing and Urban Affairs, Govt. of India.

He has visited countries like USA, Italy, Austria, Singapore, Mauritius etc. in connection with research collaboration and paper presentation. He was also academic visitor to the Department of Electrical and Computer Engineering, San Diego State University, USA and Institute for Automation, University of Leoben, Austria. He is a Senior member of IEEE, Fellow of The Institution of Engineers (India) and life member of various professional bodies like MIR Labs (USA), The Indian Society for Technical Education and Instrument Society of India. His biography has been included in the 32nd edition of MARQUIS Who’s Who in the World 2015. He is also recipient of Torchbearer of Education Award 2020 by Coding Ninjas.

Proposal for a Webinar

1. **Title of the Course** : 3-D Surface Reconstruction of Real-World Objects.
2. **Name of coordinator** : Prof. Praveen Kumar, Assistant Professor
3. **Tentative Date** : 23.11.2020 (Time: 4:00-6:00 pm)
4. **Proposed numbers of beneficiaries:** 250
5. **Participants Profile:** Faculty and students of Electronics, Electrical and Computer Science Engineering of Technical Institutes approved by AICTE are eligible to attend the webinar.
6. **Brief Objectives of the course:**

Methods to digitize and reconstruct the shapes of complex three-dimensional (3-D) real world objects have evolved rapidly due to much attention from many industrial and research groups. 3-D reconstruction or modeling is the process of generating a three-dimensional representation of an object or scene from the observations at lower dimensions. Multiple observations at lower dimension are combined together to generate complete 3-D view. 3-D reconstruction of an object usually takes place in three main steps. These are data acquisition, registration and integration.

Applications of 3-D shape reconstruction are wide-ranging such as Reverse engineering, Inspection, Entertainment, Medicine, Home shopping etc. Familiarization with this emerging field will help the faculties and students to do research in various domains of 3D modeling.

7. **Registration Fee** : No fee will be charged from the participants.
8. **Mode** : Online Mode (Either by Google Meet or Zoom Platform)
9. **Experts/ Speaker** : Prof. Umesh C. Pati,
Professor,
Department of Electronics and Communication Engineering,
National Institute of Technology,
Rourkela, Odisha, India.

INVITATION

Dr. Umesh C. Pati
NIT Rourkela
Odisha-769008

Warm greetings!

The department of Electronics Engineering is organizing a webinar on "3-D surface reconstruction of real-world objects" on 23rd November 2020 from 4:00 to 6:00 PM through online mode preferable google meets. The webinar will gather approx. 250 beneficiaries. Electronics engineering is a leading and oldest department of MITS, Gwalior. You are invited to deliver a talk on "3-D surface reconstruction of real-world objects" as an expert speaker on 23rd November 2020 from 4:00 to 6:00 PM.

We hope you would be able to fit this event in your busy schedule. The participants and organizers will benefit a lot from your expertise on the topic.

Thanks & Regards

(Dr. Laxmi Shrivastava)

WEBINAR ON

MODERN TRENDS IN CONSTRUCTION INDUSTRY

Webinar Coordinators:

Dr. S.S. JADON (Prof. and Head)

Ar. Richa Mishra (Assistant Professor)

Introduction:

While the concrete was the biggest achievement of the Romans for a building construction technique and building material, we have come a long way!

Contexts have changed to such an extent that while we are at the epitome of utilizing human intelligence at its best, we are also facing certain repercussions of our behavior towards the environment.

The building construction industry is leading to everyday innovations. Through this webinar recent trends will be looked upon by industry experts.

Topics covered:

Hardware

(i) Doors & Windows - Evolution of Doors and Windows, Expectations for Modern Windows, Importance of Hardware and its various functions, Ensuring Quality of Hardware –various tests (Aluminium Door & Window frames & shutters, PVC Doors & Windows frames & shutters)

(ii) Architectural Hardware in Building Industry (Glass Fittings, Auto doors & Door Hardware)- covering Patch fittings, Sliding Doors and Spiders

(iii) Furniture & Kitchen Fittings and organizers, Digital Locking Solutions

Sealants

(i) New Building Materials and Technologies- Silicone, sealants, adhesives

(ii) Emerging trends and technologies for building façade- covering Knowledge on Sealants & Adhesives, Design considerations for sealant, Quality Control and Project Management Services and Durability

Glass

(i) GLASS AS A BUILDING MATERIAL: Glass selection parameters, Types of energy efficient glasses, Glass and Safety, Innovative Glass Solutions

(ii) Glass as a construction material for Fire Protection

Acoustics

The need for architectural acoustics in modern buildings - commercial, institutional, residential - and the methodologies.

Speakers:

- Mr. Ankur Kaliaa from Ozone Overseas
- Ms. Garima Kamra from AIS Glass Solutions
- Mr. S Ravishankar, Dow Chemical
- Ms. Jignasa Suthar, McCoy Soudal

Schedule:

23rd Dec.

11AM - 1 PM

Architectural Hardware and Doors & Window hardware

Mr. Ankur Kaliaa from Ozone Overseas will present Architectural Hardware in Building Industry (Glass Fittings, Auto doors & Door Hardware)

2PM - 3PM

Glass as a Building Material covering glass selection parameter, Types of energy efficient glassed, Glass and safety etc.. to be presented by Ms. Garima Kamra from AIS Glass Solutions

24th Dec.

11AM-12 Noon

Emerging trends and technologies for building façade- Knowledge on Sealants & Adhesives, Design considerations for sealant, Quality Control and Project Management Services and Durability by Mr. S Ravishankar, Dow Chemical

New Building Materials and Technologies- Silicone, sealants, adhesives by Ms. Jignasa Suthar, McCoy Soudal

Finishing School Program (Online Internship)-2020

Name of Department	Department of Electronics Engineering
Module Name	Robotics and Automation
Module Coordinators	<ol style="list-style-type: none"> 1) Dr. Rahul Dubey 2) Dr. Vikas Mahor 3) Prof. Rishabh Shukla 4) Prof. Awadhesh Gupta 5) Prof. Deep Kishore Parsediya
Module Objective	<p>Robotics is an interdisciplinary domain which effectively involves electronics. The objective of this online internship is to give the basic idea about designing and functioning of basic industrial robots and application of microcontroller programming for a robot. The software is designed by researcher of IIT Delhi to help students in the designing of DH parameter, degree of freedom for a Robot.</p>
Module Content	<p>Introduction to Robotics, Designing of Controller, Robot Dynamics, Degree of Freedom, Hands on Session on Robo-Analyzer Software, Embedded System for Robotic design, Hands-on session on EdSim51 simulation software. Arduino Uno Programming, Hands on Session on Autodesk TinkerCAD, Introduction to PLC.</p>
Module Methodology	<p>The workshop will start with various aspects of robotic design such as controller designing, robot dynamics, embedded system employed in robotic designing and PLC technology. Further, Various hands-on session is scheduled on various freeware software used in robotic and automated designs such as: RoboAnalyzr, TinkerCAD, ARDUINO IDE and edSim51.</p>
Module Outcome/ Impact	<ul style="list-style-type: none"> • Understand the basics of Robotics and Automation in the context using Robotic products. • Understand the various skills for robotic and automated system design. • Understanding the process configurations and their realization of given automated system. • Able to design and simulate automated systems and robots.
Duration	5 Weeks (30 days)

Finishing School Program (Online Internship)-2020

Eligibility and Important Instructions: -

1. The Online Finishing School Program (Online training/Internship) is designed only for Pre-final & Final Year students of Electronics Engineering Department.
2. The students may apply online.
3. The Online Finishing School Program/ Summer Internship Program is free for the participants of Pre-final & Final year students of MITS, Gwalior.
4. The participants outside the Institute may also join the Program on payment basis.
5. This online module will be conducted under the Finishing School Program which will be considered equivalent to Online Internship of Pre-final year students who could not get any Internship during this situation.
6. Duration of this program will be of four weeks which is equivalent to summer Internship period as per AICTE and our Institute policy. Daily no. of hours of online training may be flexible.
7. Certificates will be issued to candidates who have attendance 75% or more and also score more than 60% in the test.

एमआईटीएस को 6-5 से हराकर विक्रांत कॉलेज बना चेस चैंपियन

आरजीपीवी की नोडल चेस चैंपियनशिप में आकांक्षा और रिकी ने शानदार खेल प्रदर्शन करते हुए एमआईटीएस को जीत दिलाकर स्टेट खेलने का टिकट कटाया

RGPV CHESS CHAMPIONSHIP

मोहरस रिपोर्टर, गुरुवार

बड़ा गौरव स्थित बीआईटीएस कॉलेज में खेले गई राष्ट्रीय बोधी प्रोग्राम की विस्तारिताकाल (आरजीपीवी) की नोडल चेस चैंपियनशिप में विक्रांत कॉलेज की महिला खिलाड़ियों ने विश्वी पार का प्रदर्शन कर स्टेट चैंपियनशिप में खेलने का टिकट कटाया। विक्रांत कॉलेज के इलेक्ट्रिकी की खिलाड़ी आकांक्षा भदौरिया और रिकी पाल ने एमआईटीएस के खिलाफ शानदार खेल दिखाते हुए यह उपलब्धि हासिल की। इस कॉलेज की दो अन्य खिलाड़ियों नान्या श्रीधरलक्ष और शिवांगी शर्मा ने भी विक्रम प्रदर्शन जारी रखते हुए एमआईटीएस के खिलाड़ी को खलकर खेलते का मौक़ा नहीं दिया।

विक्रांत कॉलेज ने फाइनल राउंड में एमआईटीएस को 6-5 से शिकस्त देकर विजयी ट्राफी पर कब्ज़ा जमाया। उधर राधिका की ने हुए खिलाड़ी मुकेश्वरी ने आईएमएस कॉलेज के खिलाड़ियों का दण्डना रखा। उन्होंने भी एमआईटीएस कॉलेज के खिलाफ उम्दा खेल का प्रदर्शन कर प्रथम स्थान पर कब्ज़ा जमाया। जबकि एमआईटीएस कॉलेज को दूसरे स्थान से संतोष करना पड़ा। आरजीपीवी की इस नोडल प्रतियोगिता में महिला और पुरुष टीम के बीच एक से बढ़कर एक मुक़ाबले देखने को मिले। दिनभर चल मुक़ाबलों में प्रतिभागियों ने जीत दर्ज करने के साथ संभागीय टीम में जगह बनाने के लिए खूब दिमाग चलाया। महिलाओं में विक्रांत कॉलेज से आकांक्षा भदौरिया और रिकी पाल ने तथा एमआईटीएस से आरुषी, बीआईटीएस से अहकांक्षा और एमआईटीएस से त्रिष ने स्टेट चैंपियनशिप खेलने के लिए टीम में जगह बनाई।

आरजीपीवी की स्टेट चेस चैंपियनशिप भोपाल में 30 से

महिलाओं की तरह पुरुष वर्ग में भी विक्रांत कॉलेज का अहंदेश चौधरी संभाग की टीम ने अपनी जगह बनाने में सफल हुई। अब यह महिला और पुरुष की टीम 30 सितंबर से भोपाल में खेले जाने वाली आरजीपीवी की स्टेट चैंपियनशिप में भाग

लेगी। इसके बाद इस चैंपियनशिप से चयनित आरजीपीवी की टीम इंटर यूनिवर्सिटी वेस्ट ज़ोन में खेलेगी। विक्रांत कॉलेज केयरमैन आरएस राठी और सचिव विक्रांत राठी ने समुक्त रूप से अपने खिलाड़ियों के प्रदर्शन की सराहना की।
