Item 8: To apprise the house about conduction of 5th International Conference on Sustainable and Innovative Solutions for Current Challenges in Engineering & Technology (ICSISCET 2023) held on October 21-22, 2023

- The 5th edition of the ICSISCET was successfully conducted on October 21-22, 2023, by Institute in technical collaboration with the Soft Computing Research Society, New Delhi.
- Over 250 papers were received for inclusion in this conference. After rigorous review, 50 papers were selected for presentation under 10 different tracks.
- More than 20 experts have contributed as session chairs in this conference.
- The conference proceedings will be published in the Algorithms for Intelligent Systems (AIS) Springer Book Series.
- **Total No. of Paper Submitted: 255 (From 11 countries)**
- **Paper Accepted for Presentation and Potential Publication: 50; Acceptance rate 19% {06 countries, 13 Indian States and 39 institutes were involved}**
- **No. of Technical Sessions: 10**
- **No. of Keynote Talks: 02**
- **No. of Experts as Session Chair: 24**
- **No. of Session Coordinators: 12**

Following Keynote talks and Technical Sessions were organized during conference:

- Keynote Talk 1- Dr. Arvind Kumar Jain, National Institute of Technology Agartala
- TS 01: Advances in Intelligent Computing, Sustainable Engineering Systems, and Practices
- TS 02: Computational Intelligence & Machine learning
- TS 03: Embedded Systems & VLSI Design
- TS 04: Sustainable Computing and Information Technology
- TS 05: Advances in Intelligent Computing, Sustainable Engineering Systems and Practices
- Keynote Talk 2- Dr. Ashish Kumar Tripathi, Malaviya National Institute of Technology Jaipur
- TS 06: Computational Intelligence & Machine learning
- TS 07: Embedded Systems & VLSI Design
- TS 08: Computational Intelligence & Machine learning

The research committee has prepared detailed guidelines for the conduction and evaluation of these programmes. These will be shared and circulated soon and will be presented in the next meeting of the IQAC.

Item 13: To report on new initiative to offer Internet of Things (IoT), Blockchain and Computer Vision courses

- The following three new courses in following emerging areas will be offered from the batch 2024
 - (a) **Computer Vision (AR&VR)** -to be offered by the Centre for AI
 - (b) **Internet of Things** - to be offered by the Centre for IoT
 - (c) **Blockchain**- to be offered by the IT department.
- These courses will be added to the curriculum for the 2024 admitted batch, and their feasibility in the scheme will be evaluated.
- However, starting from the upcoming semester i.e Jan-June 2024, these courses will be offered under novel engaging courses (NEC), to be monitored by Dean Student Welfare.

Item 14: To report about the initiative taken to improve the effectiveness of the continuous evaluation mechanism (Mid-Semester Examinations) through regular monitoring by observers

- In view of NEP-2020 guidelines for “**Move Away from high-stake examinations (unburden the students)**” the weightage of continuous assessment is increased and in future the same will be further enhanced; therefore the proper monitoring and uniform system must be followed for continuous assessment components. In line with the same objectives, following observers are appointed for Mid-Semester monitoring:

ORDER

A committee of following members is constituted to monitor the conduction of MID Semester examination commencing from 11/09/2023 to 15/09/2023:

1. Dr. P. K. Singhal
2. Dr. R. K. Gupta
3. Dr. Sanjay Tiwari
4. Dr. C. S. Malvi

The committee will ensure the adherence with the following guidelines issued by the Dean Academics:

1. Proper seating plan is prepared for the MID Semester Examinations.
2. Question papers are prepared in two sets, A & B, such that the Question number-CO's are identical in both the sets. The question papers are to be distributed in such a way that half of the students get SET-A and another half get SET-B
3. Minimum two invigilators are present in each class room and they are vigilant also.

The committee will also ensure that the examinations are conducted with the utmost sanctity and sincerity, preserving the integrity of the examination process. The committee will also monitor the conduct of both students and invigilators to prevent any breaches of academic integrity.

Upon the completion of the Mid-Semester Examination, the committee will diligently compile their findings and observations. Their comprehensive report, detailing the examination's fairness, security measures, and any identified issues, will be submitted within seven days.

Report on Midterm Examination Conduction
(Order No. Midsem/208 dated September 7, 2023)

In reference to Order No. Midsem/208, dated September 7, 2023, the appointed committee conducted regular inspections and observed that the midterm examination was carried out with the utmost integrity and adherence to protocol.

Key observations included:

1. **Seating Arrangements and Question Paper Distribution:** The seating plans were prominently displayed at the entrance door, and question papers were distributed in duplicate sets, ensuring a secure and organized examination environment.
2. **Student Attendance:** The attendance of students during the midterm examination was commendable, indicating a high level of participation and engagement.

The overall administration of the midsem examination was executed satisfactorily and without disruptions.

Nevertheless, the committee would like to propose the following recommendations for consideration:

1. **Whiteboard Maintenance:** Ensure that the whiteboard is consistently clean and free from any markings or impurities to enhance the clarity of instructional content.
2. **Furniture Availability:** Ensure that furniture readiness is maintained at all times and can be promptly arranged as needed to facilitate smooth examination logistics.
3. **Invigilator Signature on Answer Books:** Encourage invigilators to sign the Answer Books to provide an additional layer of verification and accountability in the examination process.

These recommendations would further enhance the overall efficiency and effectiveness of future examinations.

Item 16: To report about the review of Course Outcomes to ensure framing of COs as per Bloom's Taxonomy

- An extensive preliminary review and discussions/brain storming was done by the OBE coordinator & Dean Academics to check and correct the course outcomes before the Academic Council meeting.
- Some of the COs statements which were not drafted as per Bloom's Taxonomy were re-drafted/modified during the meeting.
- It was observed that about 70-80% COs were well drafted. For the remaining, suggestions were given to the HoD and concerned faculty to rewrite COs according to standard guidelines.

Comments & Observations

- The information has been compiled based on course-wise data received from the departments as a regular practice and part of Administrative Efficiency Index (AEI).
- The details regarding 'action taken to cater to the special needs of slow/medium/fast learners' are maintained at the department level by the concerned faculty.
- There is a reduction in the percentage of fast learners as compared to previous year which may be due to the fact that stricter measures are being used by the faculty while identifying fast learners, as compared to the post COVID year.
- However, more deliberation on this point is needed to avoid any arbitrariness or casualness existing in identifying the learners in different categories.

Director

The approved mechanism for addressing slow/fast learner needs consists of:

1. Identification of slow/fast learners (Annexure-1)
2. Meeting with identified students to note down the needs (issues/strengths) of slow/fast learners (Annexure-2 & 3)
3. Peer to Peer Learning for fast learners (Annexure-4)
4. Remedial classes for slow learners (Annexure-5a)
5. Additional quiz and assignment for slow learners (Annexure-5b)
6. Competition level (HOTS based) Quizzes and Assignments for fast Learners (Annexure-6)
7. Progression of slow/fast learners at the end of the semester (Annexure-7)
