At present, the Institute is offering regular 17 Bachelors, 10 Masters and Doctoral Degrees Programmes in Engineering & Technology, Architecture & Planning, Computer Application and Management with the strength of more than 5000 students. Many of the programmes are accredited by the National Board of Accreditation (NBA).

The Institute is a recognized Quality Improvement Programme (QIP) Centre of AICTE for Ph.D. Programme, institute has implemented TEQIP-II & TEQIP-III successfully and was declared as the best performer in the final performance audit amongst all the TEQIP-III funded institutes of the nation.

As per the vision of the institute, "To create world class quality Engineers and Technocrats capable of providing leadership in all spheres of life and society", the institute has implemented Outcome Based Education (OBE) and Flexible curriculum with provision of major / minor degrees. Institute has collaborated with globally recognized organizations and implemented National Educational Policy (NEP-2020) for the multidisciplinary education. Institute conducts various activities under the provision of Novel Engaging Courses for the holistic development of students.

**PREAMBLE**

National Education Policy of India 2020 (NEP 2020), was approved on 29 July 2020 and has replaced the previous National Policy on Education-1986. The new policy aims to transform elementary to higher education systems as well as vocational training in both rural and urban India by 2040, with focus on developing and maximizing our country's human resource for the benefit of society with environmental sustainability & safety.

Therefore, in order to achieve the goals of National Education Policy vis a vis Higher Education, various strategies need to be implemented as follows:

1. Robust education system and research facility to compete with global standards
2. Provision of multiple entry and multiple exit at higher level of education
3. Establishment of academic bank of credit in which credits earned by the students during their academics from different HEIs could be stored and transferred at the time of final degree
4. Holistic development of students by recognizing, identifying, and fostering the unique capabilities of each student
5. Provision of flexibility to choose learning trajectories and programmes, according to their talents and interests
6. Teaching based on higher order thinking skills to enhance creativity, logical decision-making, innovation and critical thinking
7. Provision of equity and inclusion of students in all academic or non academic in the education system
8. Teachers and faculty as the heart of the learning process – their recruitment, continuous professional development, positive working environments and service conditions

**Item 25: To table the report of the review of the Examination Conduction**

- Meeting of the committee constituted to review the report submitted by the examination superintendent after the first conduction of examinations in multiple mode, was held on 14.07.2022.
- The objective was to pen down suggestions for smoother conduction of exams next time, vis a vis difficulties encountered during the conduction of April-May 2022 examination for the first time, offline, in three modes, (traditional pen paper (PP), assignment plus oral (A+O) and multiple choice questions (MCQ).
- The following recommendations were given:
  1. In MCQ examination a panel of paper setters may be appointed in all courses to get more variety and diversity in questions.
  2. One briefing session must be conducted jointly by the examination section & the examination conduction team on “**MCQ based paper setting on MOODLE**” to apprise the faculty about difficulties encountered,
  3. The invigilators must also be instructed to be more vigilant during the examination even though the partitions are now provided between the desktops.
  4. Option of involving external agencies for paper setting, may also be explored and compared with the MOODLE option.
  5. Students who wish to use their own laptops for appearing in the examination may be permitted to do so in the safe browsing mode.
  6. The MOODLE examination must be conducted from specially created “separate examination MOODLE accounts” and not from individual faculty accounts.
  7. To improve the standard of MCQ question papers, the questions must be set in three separate sections, A, B and C as already instructed (Order no 824 dated 28/5/2020 is enclosed).
    - i. From each section a fixed number of questions will be then randomly selected by the system, for each student.
    - ii. Two suggestive pattern were proposed.

<b>Section</b>	<b>A</b>	<b>B</b>	<b>C</b>
<b>Number of questions</b>	30	26	06
<b>Marks/question</b>	0.5	1.0	1.5
<b>Total marks</b>	15	26	09
<b>% Weightage</b>	<b>30%</b>	<b>52%</b>	<b>18%</b>

Sections	Bloom's Knowledge Level	End Sem Max Marks	No. of questions	Weightage of Marks	Total weightage of marks
Section A	L1 & L2	75 (MOOC courses)	30	1	30
Section B	L3		15	2	30
Section C	L4 and onwards		5	3	15
Section A	L1 & L2	50 (Conventional Mode courses)	25	1	25
Section B	L3		10	1.5	15
Section C	L4 and onwards		5	2	10

8. It is proposed that all mid-semester examinations must be in PP mode to help in mapping some of the COs which may be difficult to cover in MCQ mode.
9. Lastly, power back-up is essential in all labs and class rooms where MCQ exams are being conducted to avoid disruptions due to power fluctuations/failures.
10. In reference to 10, it is also suggested that timing of MOODLE can be set for two hours and a provision can be made such that a student will be permitted for a total exam/screen time of 1.5 hours, only out of the allotted time.

Minutes of the meeting

Meeting of the committee constituted to review the report submitted by the examination superintendent after the first conduction of examinations in multiple mode, was held in the chamber of the Dean Academics at 4.30 PM today, on 14.07.2022. The committee was also instructed to pen down suggestions for smoother conduction of exams next time, vis a vis difficulties encountered during the conduction of April-May 2022 examination for the first time, offline, in three modes, (traditional pen paper (PP), assignment plus oral (A+O) and multiple choice questions (MCQ)).

The committee reviewed the report and proposed the following for enhancing the sanctity, sincerity and credibility of the MCQ based examinations in the future.

1. The MCQ examination is conducted in multiple sessions, so a panel of paper setters may be appointed in all courses to get more variety and diversity in questions.
2. One briefing session must be conducted jointly by the examination section & the examination conduction team on "MCQ based paper setting on MOODLE" to apprise the faculty about difficulties encountered, to resolve the issues related to (i) timely password sharing, (ii) timely adding the eligible students on the MOODLE platform for examinations (iii) difficulty in display of figures and illustrations and other operational issues experienced so far.
3. The invigilators must also be instructed to be more vigilant during the examination to avoid students seeing other candidate's screen, even though the partitions are now provided between the desktops.
4. Option of involving external agencies for paper setting, may also be explored and compared with the MOODLE option.
5. Students who wish to use their own laptops for appearing in the examination may be permitted to do so in the safe browsing mode. This will also reduce the pressure on the existing infrastructure. However, first, each department will need to test this system by conducting a few weekly quizzes in this mode. This way the students will become aware

of this system and an initial assessment of the count of interested/eligible students (for using their own laptop in exam) can also be made. This data base can be shared with the examination section to reduce the number of time slots and to optimize the man hours consumed in invigilation duties.

6. The MOODLE examination must be conducted from specially created “separate examination MOODLE accounts” and not from individual faculty accounts.
7. To improve the standard of MCQ question papers, the questions must be set in three separate sections, A, B and C as already instructed (Order no 824 dated 28/5/2020 is enclosed).
  - i. From each section a fixed number of questions will be then randomly selected by the system, for each student.
  - ii. One suggestive pattern can be as follows:

Section	A	B	C
Number of questions	30	26	06
Marks/question	0.5	1.0	1.5
Total marks	15	26	09
% Weightage	30%	52%	18%

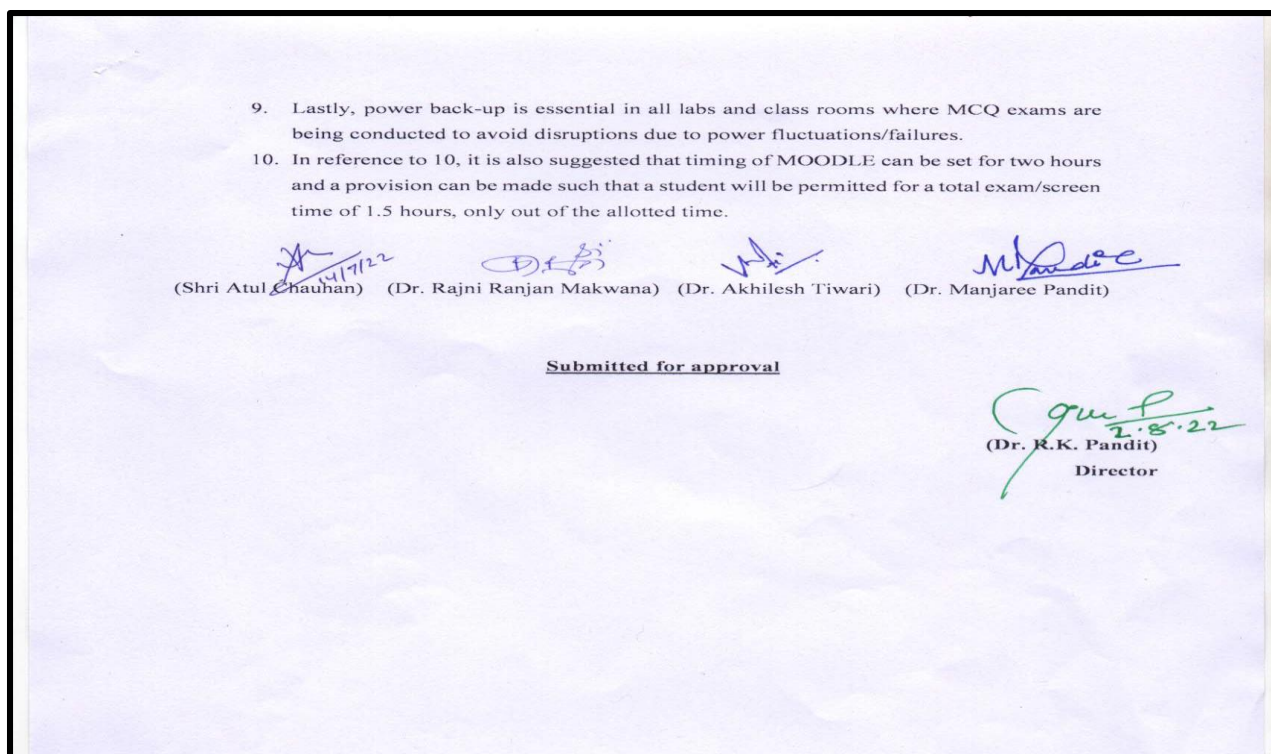

Another alternative pattern proposed in parallel by the examination section is as follows:

- iii. As per the discussion, the section wise marks distribution of MCQ based end semester exam is proposed as follows:

Sections	Bloom's Knowledge Level	End Sem Max Marks	No. of questions	Weightage of Marks	Total weightage of marks
Section A	L1 & L2	75 (MOOC courses)	30	1	30
Section B	L3		15	2	30
Section C	L4 and onwards		5	3	15
Section A	L1 & L2	50 (Conventional Mode courses)	25	1	25
Section B	L3		10	1.5	15
Section C	L4 and onwards		5	2	10

8. It is proposed that all mid-semester examinations must be in PP mode to help in mapping some of the COs which may be difficult to cover in MCQ mode.

माधव प्रौद्योगिकी एवं विज्ञान संस्थान में बुधवार को साइबर क्राइम एवं उससे बचाव कैसे किया जाये, पर एक विशेष लेक्चर रखा गया। एडिशनल सुपेरिंटेंडेंट ऑफ पुलिस क्राइम राजेश डंडौतिया ने छात्रों को हाल में हुई साइबर क्राइम की बड़ी घटनाओं का लाइव उदाहरण देकर उससे बचाव के तरीकों की विस्तार से चर्चा करते बताया कि साइबर क्रिमिनल लालच देकर आपको अपने जाल में फंसाने की कोशिश करता है। अनजान व्यक्ति की कोई भी

रिक्वेस्ट को एक्सेप्ट नहीं करें और किसी भी लिंक पर क्लिक करने से पहले उसकी ऑथेंटिसिटी जरूर जांच लें। कार्यक्रम में कंप्यूटर साइंस विभाग के विभागाध्यक्ष डॉ. मनीष दीक्षित, रजिस्ट्रार डॉ. प्रवेश जायसवाल, डीन छात्र कल्याण डॉ. राजीव कंसल, एग्जाम कंट्रोलर डॉ. पीके सिघल, डिप्टी रजिस्ट्रार प्रभाकर शर्मा उपस्थित थे। कार्यक्रम में 200 छात्र छात्राओं ने भाग लिया। कार्यक्रम के अंत में सभी छात्रों ने घर-घर तिरंगा एवं आजादी का अमृत महोत्सव अभियान के तहत हाथों में तिरंगा लेकर तिरंगा यात्रा भी निकाली। इस अवसर पर संस्थान के निदेशक डॉ. आरके पंडित ने सभी को बधाई दी।

# रिप्रजेंटेशन के नाम से भी जाना जाता है सिनेमा

पत्रिका plus रिपोर्टर

ग्वालियर. सिनेमा के पास एक शक्ति है, जिसे रिप्रजेंटेशन के नाम से जाना जाता है, जिसका अगर सही तरीके से इस्तेमाल किया जाए तो वह दुनिया बदलने में मदद कर सकता है। मीडिया में रिप्रजेंटेशन की मूल परिभाषा यह है कि कैसे मीडिया जैसे टेलीविजन, फिल्म और किताबें लोगों या समुदायों को चित्रित करती हैं। इसी सोच के साथ एमआइटीएस के गर्ल्स ग्रीवेंस सेल ने फिल्म फेस्टिवल किया। शुरुआत डीन एकेडमिक डॉ मंजरी पंडित, डॉ अंशु चतुर्वेदी ने की। फेस्टिवल की शुरुआत यूट्यूब की मिनी सीरीज 'मेंज वर्ल्ड' से हुई। इसके बाद शॉर्ट फिल्म 'जूस' दिखाई गई।
